

## BCC Agenda August 15, 2024

Fr. T - Father Tim Backus  
SM - Sean McGaughey, Bishop's Warden  
JN - Jeff Nieusma, Property Warden  
GSC - Geri Sue Coe, Member at Large

AM - Ann Magnuson, Member at Large  
AP - Alechia Potter, Member at Large  
DS - Dakota Solas, Member at Large  
GM - Ginger Miller, Member at Large

NJB - Nancey JohnsonBookstein, Deacon  
JS - Jeff Solas, Treasurer  
MDM - Michelle Mrsan, Clerk

Opening Prayer: Father Tim

BCC check in: (10 minutes)

Core Values: (3 minutes)

Children: A place where children are welcomed and learn to love God and one another. (Luke 18:15-17)

Outreach: A strong emphasis on outreach to communities with both urgent and continuing needs in Christ's Name. (Matthew 25:34-36)

Hospitality to All: A place that includes and offers hospitality to ALL. (Luke 10:25-37)

Christian Formation: A place that nurtures the pursuit of lifelong Christian formation. (Romans 12:1-2)

Caring Well/Home: A place where we care well for one another and a place we call home. (John 15:12-13 & John 13:12-14)

Safety: A place that provides physical, emotional, and environmental safety for all and responds to the urgent needs of the communities around us. (Jeremiah 32: 37b-38)

  3. Outdoor Ceili
  4. Outdoor Service

Prayers and adjournment:

### ACTION ITEMS:

1. GSC will update the BCC picture frame in the entry hall
2. SM Reach out to the Jaycox's about spearheading Raise Right (Fr T will send email they sent about volunteering more at St. Brigit)
3. EVERYONE ON BCC GET ON REALM AND LEARN HOW IT WORKS
4. JS and BCC: come up with a plan for savings
5. ALL: Create BCC/Vestry responsibilities document
6. ALL: do Vestry training
7. SM: write instructions for Zoom church AND GSC: test Zoom church step-by-step
8. SM: Reset Raise Right password
9. SM: Email Maureen about check from insurance company
10. JN: Ask Jerry VanSambeek about spraying the parking lot
11. JS: Contact Maureen about the Friend of St. Brigit (FOB) check to cover facility expense
12. SM: talk to the Tracy Platz and our insurance agent about coverage for Scout trailer
13. JN: talk to Denuve about cutting weeds on north side of property
14. JS or MDM contact Xfinity about deals
15. ~~MDM send GSC King Sooper flyer~~
16. ~~MDM add new codes to HBAB1 document~~
17. MDM add JS to [admin@stbrigit.org](mailto:admin@stbrigit.org) email forwarding for Zelle account

For informational purposes:

Safe church training: <https://episcopalcolorado.org/congregational-resources/safe-church/>

### OLDER ACTION ITEM(S):

- A. BCC - Find someone to update Emergency Preparedness Doc
- B. JN: put together an email that outlines swamp cooler, humidifier, other church and house maintenance
- C. SM - BCC roles
- D. Review Facility Use Request, Policy, and Contract

### St. B historian

St. Brigit timeline stops at 2019, we need someone to do updates and keep up timeline going forward.

### NOTES FOR FUTURE TREASURER:

JS: do a valuation of assets and set up depreciation:

JS: after asset valuation let insurance company know to see if it will decrease rate

JS: do financial audit

JS pay attention to CD and when it will mature (around July 29)

## BCC Minutes August 15, 2024

Absent - NJB, MDM, GM

WEBVTT

1  
00:00:09.130 --> 00:00:10.400  
Tim: Mr. McGaffee.

2  
00:00:19.520 --> 00:00:21.179  
Tim: can you hear me? All right, Sean?

3  
00:00:25.130 --> 00:00:26.190  
Tim: Hey, Steve?

4  
00:00:33.380 --> 00:00:36.039  
Tim: My new cat was coming, but I thought it'd be a different cat. Steve.

5  
00:00:39.250 --> 00:00:41.450  
Geri Sue Coe: You gotta show the cat, Steve.

6  
00:00:41.780 --> 00:00:43.569  
Steve Hack: Okay, sorry I was muted.

7  
00:00:43.740 --> 00:00:45.140  
Steve Hack: There is the cat.

8  
00:00:45.280 --> 00:00:46.870

Geri Sue Coe: Oh, no!

9

00:00:47.480 --> 00:00:49.260

Geri Sue Coe: Such a sweetie!

10

00:00:49.590 --> 00:00:53.499

Steve Hack: We rehomed them just over 2 weeks ago. Now.

11

00:00:53.500 --> 00:00:54.500

Tim: Oh, wow!

12

00:00:56.720 --> 00:00:57.860

Tim: Welcome! Cat!

13

00:00:58.480 --> 00:00:59.480

Geri Sue Coe: Hey! Cap!

14

00:01:00.280 --> 00:01:01.588

Steve Hack: There's the other cat. Okay.

15

00:01:01.850 --> 00:01:02.510

Zoom user: Hi.

16

00:01:07.560 --> 00:01:09.414

Tim: But what's the name of that of your

17

00:01:11.080 --> 00:01:13.069

Tim: non-human cat? Yes.

18

00:01:14.180 --> 00:01:16.589

Steve Hack: This one is fins.

19

00:01:17.120 --> 00:01:17.900

Tim: Ben's

20

00:01:18.440 --> 00:01:19.310

Tim: got an orange case.

21

00:01:19.310 --> 00:01:20.670

Steve Hack: Maine, Hoon.

22

00:01:20.900 --> 00:01:26.730

Steve Hack: The other orange chat that we rehomed at the same time is Siplena's boots, which is an orange Chalatro.

23

00:01:27.330 --> 00:01:28.080

Tim: Oh, great!

24

00:01:29.020 --> 00:01:32.550

Steve Hack: But he is not a jump on the lap during meetings. Type chat yet.

25

00:01:33.370 --> 00:01:34.430

Steve Hack: Oh, there we go.

26

00:01:43.500 --> 00:01:44.250

Jeff Solas (he/him): Hey, everyone.

27

00:01:45.980 --> 00:01:46.570

Tim: Hello!

28

00:01:48.890 --> 00:01:49.950

Alechia Potter: I'm waving.

29

00:01:53.650 --> 00:02:00.754

Sean: Sitting here talking to myself here. I appreciate everybody's patience and bit of indulgence. I've gone on about half an hour ago to

30

00:02:02.060 --> 00:02:05.460

Sean: and to get the agenda sent out in a timely fashion.

31

00:02:05.660 --> 00:02:09.229

Sean: only to find that my system decided that it was a perfect time

32

00:02:09.470 --> 00:02:11.180

Sean: to reinstall everything so

33

00:02:12.010 --> 00:02:13.159

Sean: or 2

34

00:02:13.440 --> 00:02:14.540

Sean: update

35

00:02:14.580 --> 00:02:17.940

Sean: and my update weren't slower than the last was in January, so

36

00:02:18.080 --> 00:02:19.880

Sean: everything seems to be running now.

37

00:02:20.580 --> 00:02:23.880

Geri Sue Coe: I would love some of February's weather right now.

38

00:02:24.390 --> 00:02:24.980

Tim: It, knows.

39

00:02:24.980 --> 00:02:26.610

Sean: That would be good. That would be good.

40

00:02:26.610 --> 00:02:27.290

Geri Sue Coe: And.

41

00:02:27.480 --> 00:02:30.579

Sean: Then we'll have February going. I wish it was warmer, so we'll get there.

42

00:02:30.810 --> 00:02:34.739

Geri Sue Coe: True, that's a true statement, but at least I can curl up with quilts.

43

00:02:35.483 --> 00:02:36.970

Sean: Fair enough.

44

00:02:37.370 --> 00:02:38.330

Sean: fair enough.

45

00:02:40.110 --> 00:02:42.959

Sean: Alright! So I'm trying to get all the agendas and

46

00:02:45.230 --> 00:02:47.709

Sean: updated and sent over. Bear with me.

47

00:03:06.670 --> 00:03:12.329

Sean: So talk amongst yourself. How's everybody doing? I guess we've got a few more minutes, I think.

48

00:03:12.430 --> 00:03:13.800

Sean: although this may be

49

00:03:13.870 --> 00:03:15.000

Sean: the crew

50

00:03:15.660 --> 00:03:17.910

Sean: trying to think who we have.

51

00:03:17.910 --> 00:03:18.900

Geri Sue Coe: You're going to be on.

52

00:03:18.900 --> 00:03:19.679

Sean: Ginger will not.

53

00:03:19.680 --> 00:03:22.130

Tim: Not be here. Oh, sorry, Shawn.

54

00:03:22.130 --> 00:03:22.989

Sean: Okay. You're good.

55

00:03:23.740 --> 00:03:25.690

Tim: And Bookie is out of town as well.

56

00:03:29.430 --> 00:03:32.430

Tim: and as everybody knows Michelle, she won't be here tonight.

57

00:03:34.190 --> 00:03:35.470

Tim: Hey, Mr. Nuzma.

58

00:03:37.290 --> 00:03:38.619

Tim: it looks delicious

59

00:03:42.280 --> 00:03:43.600

Tim: nice.

60

00:03:43.600 --> 00:03:45.600

Geri Sue Coe: Oh, yum!

61

00:03:49.130 --> 00:03:50.010

Sean: Okay,

62

00:03:52.360 --> 00:03:55.250

Sean: and I may or may not have seen the

63

00:03:55.860 --> 00:04:02.050

Sean: minutes from the previous meeting. Do? Did we get those in there in my office? One.

64

00:04:03.070 --> 00:04:06.080

Tim: I had talked with Michelle a little bit earlier, and

65

00:04:06.250 --> 00:04:09.309

Tim: it it just wasn't ready by the time things really got difficult.

66

00:04:09.310 --> 00:04:16.459

Sean: No worries at all, no worries at all. We can. I I have. I will admit that I I would have not looked at it at this point, with all of the

67

00:04:16.500 --> 00:04:19.969

Sean: kids going back to school and and fun stuff that was going on. So

68

00:04:20.010 --> 00:04:21.299

Sean: I'm I'm

69

00:04:21.380 --> 00:04:25.350

Sean: more than understanding to extend grace with all that's going on.

70

00:04:25.610 --> 00:04:27.570

Sean: So our condolences, too.

71

00:04:28.160 --> 00:04:28.890

Sean: 10

72

00:04:29.050 --> 00:04:32.540

Sean: Michelle and all that. The family is going through.

73

00:04:35.440 --> 00:04:36.720

Sean: let's see.

74

00:04:38.000 --> 00:04:42.080

Sean: And then Bookie is not here in

75

00:04:43.050 --> 00:04:44.050

Sean: okay.

76

00:04:45.070 --> 00:04:48.200

Sean: Alicia. Have we heard from Alicia Potter.

77

00:04:48.790 --> 00:04:49.410

Tim: Sir!

78

00:04:50.510 --> 00:04:51.060

Tim: Oh.

79

00:04:51.060 --> 00:04:51.430

Sean: There you are!

80

00:04:51.430 --> 00:04:53.160

Alechia Potter: I'm here. I'm here. I'm here.

81

00:04:53.160 --> 00:04:55.176

Sean: I just saw the horse.

82

00:04:55.976 --> 00:04:56.769

Alechia Potter: That's me!

83

00:04:56.770 --> 00:04:57.580

Sean: Okay.

84

00:04:57.970 --> 00:05:00.849

Sean: I was going through the list and looking and but didn't.

85

00:05:01.730 --> 00:05:02.290

Sean: That's.

86

00:05:02.290 --> 00:05:06.940

Alechia Potter: I just haven't gotten a camera on my desktop, and nobody wants to see my living room, anyway. So.

87

00:05:06.940 --> 00:05:08.270

Sean: No, you're good.

88

00:05:09.710 --> 00:05:10.550

Sean: Sorry. So

89

00:05:11.190 --> 00:05:13.599

Sean: I'm St. Bridget Episcopal Church. Evidently

90

00:05:13.640 --> 00:05:15.637

Sean: I'll change that. There we go.

91

00:05:17.080 --> 00:05:17.909

Sean: Okay,

92

00:05:19.150 --> 00:05:20.970

Sean: anybody else. I'll make

93

00:05:22.770 --> 00:05:24.140

Sean: Tim

94

00:05:24.400 --> 00:05:25.620

Sean: a co-host.

95

00:05:26.250 --> 00:05:28.850

Sean: I'll make Jeff Nuzma a co-host.

96

00:05:30.500 --> 00:05:31.330

Sean: Okay?

97

00:05:33.250 --> 00:05:34.360

Sean: And

98

00:05:34.520 --> 00:05:41.150

Sean: does anybody need me to forward or email a copy of the agenda or posting it on our system

99

00:05:41.170 --> 00:05:42.650

Sean: will be sufficient.

100

00:05:44.530 --> 00:05:46.810

Sean: as of this moment. Will that be work.

101

00:05:47.540 --> 00:05:49.949

Geri Sue Coe: That'd be fine. I don't care.

102

00:05:49.950 --> 00:05:50.970

Sean: Okay, yeah.

103

00:05:51.660 --> 00:05:52.520

Sean: Alright.

104

00:05:55.660 --> 00:05:58.889

Sean: we are recording as we speak, it looks like, okay.

105

00:06:00.310 --> 00:06:02.709

Sean: Alright screen 2 is going on

106

00:06:03.480 --> 00:06:05.160

Sean: just to see the agenda.

107

00:06:05.820 --> 00:06:09.459

Sean: I didn't get the question asked. If there's any other things that are

108

00:06:09.560 --> 00:06:15.439

Sean: needing to be on the agenda, so agenda will be as follows, opening prayer with a BCC. Check in

109

00:06:15.500 --> 00:06:17.710

Sean: discussion of core values.

110

00:06:18.513 --> 00:06:24.189

Sean: And then a presentation from our Eagle Scout project. Folks.

111

00:06:24.320 --> 00:06:25.720

Sean: how exciting!

112

00:06:27.030 --> 00:06:32.270

Sean: I remember doing mine, and then we'll disregard the approval of minutes.

113

00:06:32.360 --> 00:06:36.656

Sean: Vicar. Report shawn's deacon report

114

00:06:37.800 --> 00:06:41.450

Sean: bishops, Warden property Warden Treasury okay, the rest of it's just all pretty

115

00:06:41.570 --> 00:06:44.660

Sean: profuncto. Was there anything else that needed to be added to.

116

00:06:45.150 --> 00:06:45.520

Tim: On, if we.

117

00:06:45.520 --> 00:06:46.299

Sean: I mean.

118

00:06:47.110 --> 00:06:53.039

Tim: If we may, since we got Steve and Kat here, maybe after the opening prayer and the core values, maybe we do the BCC check in.

119

00:06:54.120 --> 00:06:54.470

Sean: In case.

120

00:06:54.470 --> 00:06:55.250

Tim: Other part.

121

00:06:55.250 --> 00:06:56.049

Sean: That's fair. Yeah.

122

00:06:56.530 --> 00:06:58.839

Tim: And then, under my business, I'll bring up.

123

00:06:59.670 --> 00:07:00.329

Sean: The other stuff.

124

00:07:00.330 --> 00:07:01.519

Tim: Something. Yeah, yeah.

125

00:07:01.520 --> 00:07:02.540

Sean: Okay.

126

00:07:02.670 --> 00:07:07.149

**CALL TO ORDER:**

Sean: that sounds like a plan. Well, with that being said at 7 o. 7.

**PRAYER:**

128

00:07:10.600 --> 00:07:11.740

Tim: The Lord be with you.

129

00:07:11.740 --> 00:07:12.520

Sean: And also with you.

130

00:07:12.520 --> 00:07:13.469

Geri Sue Coe: Also with you.

131

00:07:13.740 --> 00:07:14.390

Zoom user: Suzy.

132

00:07:14.390 --> 00:07:15.199

Tim: Not a spray

133

00:07:18.450 --> 00:07:21.689

Tim: guide and direct us, O Lord, to the fulfilling of your purpose

134

00:07:22.080 --> 00:07:24.049

Tim: here, as members of St. Bridget.

135

00:07:25.010 --> 00:07:28.410

Tim: help us to discern your will and strengthen

136

00:07:28.900 --> 00:07:31.950

Tim: our paths, to focus on your path, and yours alone.

137

00:07:32.380 --> 00:07:35.289

Tim: Help us to overcome the obstacles that remain before us.

138

00:07:35.510 --> 00:07:39.320

Tim: reminding us that there are only small hurdles in the bigger picture of your kingdom.

139

00:07:39.890 --> 00:07:42.229

Tim: Keep us mindful of the needs of this community.

140

00:07:42.380 --> 00:07:44.849

Tim: both within the walls of the church and beyond.

141

00:07:45.270 --> 00:07:47.689

Tim: and to love our neighbors as ourselves.

142

00:07:51.060 --> 00:07:52.310

Sean: Thank you, Tim.

143

00:07:54.380 --> 00:07:58.350

Sean: we will then, if I understood correctly, start with the present.

144

00:07:58.870 --> 00:07:59.530

Tim: Core values.

145

00:07:59.811 --> 00:08:01.500

Sean: Cat, or did you want to?

146

00:08:01.550 --> 00:08:02.609

Sean: Can we do that?

147

00:08:02.810 --> 00:08:04.750

Tim: Yeah, let's go into court values. That's good.

148

00:08:04.750 --> 00:08:06.640

Sean: Oh, Corvalli is fantastic, all right.

## CORE VALUES:

Children: GSC  
Outreach: SM  
Hospitality to All: JN

Christian Formation: AP  
Caring Well/Home: AM  
Safety: SM

149  
00:08:07.056 --> 00:08:14.860  
Sean: What we do is we'll we'll just walk through those, and as a spirit leads somebody share that core value. I will try and make it bigger if it needs to be.

150  
00:08:15.100 --> 00:08:16.129  
Sean: There. We go.

151  
00:08:17.500 --> 00:08:18.220  
Geri Sue Coe: Children.

152  
00:08:18.340 --> 00:08:25.640  
Geri Sue Coe: a place where children are welcomed and learned to love God and 1 1 another. Luke, 1815, to 17.

153  
00:08:25.900 --> 00:08:26.710  
Sean: Alright

154  
00:08:28.260 --> 00:08:34.059  
Sean: out, outreach strong emphasis on outreach to communities with both urgent and continuing needs

155  
00:08:34.110 --> 00:08:35.500  
Sean: in Christ's name.

156  
00:08:35.600 --> 00:08:39.219  
Sean: Matthew 2534, through 36.

157  
00:08:40.210 --> 00:08:41.940  
Jeff Nieuwma: Hospitality to all.

158  
00:08:42.500 --> 00:08:45.760  
Jeff Nieuwma: a place that includes and offers hospitality to all.

159  
00:08:46.640 --> 00:08:48.040  
Jeff Nieuwma: Luke 10.

160

00:08:51.070 --> 00:08:58.069

Alechia Potter: Christian formation, a place that nurtures the pursuit of lifelong Christian formation. Romans 12, one and 2.

161

00:09:00.360 --> 00:09:08.090

Ann Magnuson: Caring well home, a place where we can fare well for one another and a place we call home.

162

00:09:08.520 --> 00:09:09.940

Ann Magnuson: John, 15.

163

00:09:14.620 --> 00:09:26.490

Sean: And safety, a place where and that provides physical, emotional, and environmental safety for all. In response to the urgent needs of the communities around us, Jeremiah. 32, 37 B. And 38,

164

00:09:27.440 --> 00:09:28.570

Sean: right?

165

00:09:28.840 --> 00:09:31.990

Sean: Thank you for reminding us of the core values of St. Bridget.

166

00:09:32.310 --> 00:09:34.609

Sean: With that being said, I'm going to

167

00:09:34.950 --> 00:09:36.250

Sean: stop sharing

168

00:09:36.880 --> 00:09:38.979

Sean: hit Dakota back in.

169

00:09:39.380 --> 00:09:42.150

Sean: and I've offered the

170

00:09:42.510 --> 00:09:47.679

Sean: anybody that can needs to use the screen or share screen. You're welcome to do so.

171

00:09:47.800 --> 00:09:49.890

Sean: And with that being said Cat.

172

00:09:49.960 --> 00:09:52.800

Sean: feel free to to share where you're at.

173

00:09:53.360 --> 00:09:54.000

Zoom user: Okay.

174

00:09:54.000 --> 00:09:55.990

Geri Sue Coe: Do you want to record this?

175

00:09:56.705 --> 00:09:56.960

Geri Sue Coe: Oh.

176

00:09:56.960 --> 00:09:59.999

Sean: I found out it was already in recording. Mine shows it as recording.

177

00:10:00.550 --> 00:10:05.390

Geri Sue Coe: Oh, oh, is it? It doesn't show is recorded. Oh, there it is! Never mind. Okay.

178

00:10:05.710 --> 00:10:08.390

Sean: Thank you. Thank you for checking. I appreciate it.

**PRESENTATION BY CAT & STEVE HACK:**

179

00:10:10.010 --> 00:10:19.629

Zoom user: Okay. Well, Hi, everybody thank you so much for inviting me to come and give you my presentation. I have made a little presentation.

180

00:10:19.740 --> 00:10:23.900

Zoom user: So yeah, I'll just start sharing my screen and jump right in.

181

00:10:32.220 --> 00:10:33.280

Zoom user: can.

182

00:10:33.280 --> 00:10:34.050

Sean: Go ahead!

183

00:10:35.720 --> 00:10:36.450

Zoom user: Okay.

184

00:10:37.243 --> 00:10:38.960

Zoom user: can. Everyone see my screen?

185

00:10:40.210 --> 00:10:40.740

Jeff Nieuwma: Nope.

186

00:10:40.740 --> 00:10:41.820

Tim: Not yet no.

187

00:10:42.590 --> 00:10:43.450

Zoom user: Okay. Let me try.

188

00:10:43.450 --> 00:10:44.940

Alechia Potter: Up for a minute, and then.

189

00:10:45.650 --> 00:10:46.120

Zoom user: Yeah.

190

00:10:46.120 --> 00:10:48.529

Alechia Potter: And Shawn pressed recording again, and it went away.

191

00:10:48.939 --> 00:10:49.759

Sean: It's my.

192

00:10:49.760 --> 00:10:52.930

Zoom user: Let me let me try sharing again.

193

00:10:58.660 --> 00:10:59.539

Zoom user: How about now?

194

00:11:00.770 --> 00:11:01.490

Sean: Yeah, yeah.

195  
00:11:01.490 --> 00:11:01.950  
Alechia Potter: Yes.

196  
00:11:02.260 --> 00:11:04.319  
Zoom user: Okay. Awesome.

197  
00:11:05.070 --> 00:11:05.980  
Zoom user: Okay.

198  
00:11:07.325 --> 00:11:07.750  
Tim: Nice!

199  
00:11:07.980 --> 00:11:08.880  
Tim: I know.

200  
00:11:09.200 --> 00:11:11.000  
Zoom user: Very nice presentation.

201  
00:11:11.930 --> 00:11:14.670  
Zoom user: Okay? My ego project.

202  
00:11:15.416 --> 00:11:25.560  
Zoom user: We'll go over some general info on my project. The sign Ideas. I have the landscaping ideas I have, and then I'll get into Part 2, which is like some visualization stuff.

203  
00:11:26.634 --> 00:11:28.130  
Zoom user: So some general info.

204  
00:11:28.490 --> 00:11:35.530  
Zoom user: My project is replacing the old sign for St. Bridget's. I will be tearing out the old sign and the old landscaping near the sign.

205  
00:11:35.890 --> 00:11:40.500  
Zoom user: This is the current sign as it is here it is.

206

00:11:40.620 --> 00:11:50.329

Zoom user: and you'll see this image a little bit bigger, too, once we get into the part 2. Here is the foliage as it is, and this is the street view from Google Map, like Google Earth.

207

00:11:51.423 --> 00:11:54.760

Zoom user: These sign ideas I have. I have 2 different ideas.

208

00:11:54.790 --> 00:12:05.379

Zoom user: and both are open to heavy input or modifications, such as how we want to replace the foliage which materials we use, the exact wording, etc.

209

00:12:06.691 --> 00:12:29.889

Zoom user: The 1st idea I have has 2 wooden posts, with a 3rd across the top. From that top post is a hanging sign that can be made out of stone, metal, wood, etc. This one. If we choose to do it out of stone, we can also get it sandblasted into the rock, so, instead of just being painted on, it would be engraved in stone.

210

00:12:30.090 --> 00:12:31.020

Zoom user: So

211

00:12:31.310 --> 00:12:53.680

Zoom user: that's something to consider. Some advantages on. This sign is, there is more wood. So it kind of gives a more like natural, homey feeling. We can change the shape we can change how big, how wide we want. It is lower to the ground. So it's less, most likely less prone to damage, and can be easily seen

212

00:12:53.700 --> 00:13:06.490

Zoom user: from like pedestrians, and the wording can be changed. That's both true for both sides. All the wording I have can be changed. I just have it drawn up here with, like some stuff to help visualize it.

213

00:13:07.237 --> 00:13:14.740

Zoom user: The second idea I have. It has 2 wooden posts as well. We could also do these posts out of metal.

214

00:13:16.130 --> 00:13:25.089

Zoom user: and then there is a metal grate connecting it. It's kind of hard to see it on this one and the other design I drew up. It'll be a little bit easier to see.

215

00:13:25.410 --> 00:13:28.170

Zoom user: But here's the metal grate.

216

00:13:28.532 --> 00:13:47.569

Zoom user: And with as a backing for the sign, and then the actual like sign, sign part, or the face of the sign, which is the stuff with the wording on it can be either hard plastic, or metal. We could also potentially do wood or stone, but I'm not sure how well that would actually work mounting it to the metal grate on the back.

217

00:13:48.093 --> 00:13:53.539

Zoom user: Some advantages of this one is, there's more metal, it is higher above the ground.

218

00:13:53.990 --> 00:14:01.039

Zoom user: It will be. And when we get into more visuals, the shape can change again, and the wording can be changed.

219

00:14:01.970 --> 00:14:05.449

Zoom user: So yeah, that's a little bit of the intro to the 2 ideas I have

220

00:14:05.780 --> 00:14:08.389

Zoom user: now on to some of the landscaping

221

00:14:08.789 --> 00:14:22.010

Zoom user: as stated, we will be tearing out some of the old landscaping, and we will be replacing it. The type of landscaping we do will depend on which sign idea we choose some ideas for either of them. I have come up with is the flower garden. Some trees?

222

00:14:22.588 --> 00:14:25.379

Zoom user: Just some things around there like that.

223

00:14:26.067 --> 00:14:30.530

Zoom user: But we'll you'll see a little bit more into that once I get into like the visual part

224

00:14:30.540 --> 00:14:32.330

Zoom user: of my presentation.

225

00:14:32.380 --> 00:14:36.149

Zoom user: Yeah. So that is part one of my presentation. Just a little intro

226

00:14:36.819 --> 00:14:37.429

Zoom user: thanks.

227

00:14:37.890 --> 00:14:39.690

Zoom user: So, oh, hang on.

228

00:14:41.090 --> 00:14:43.459

Steve Hack: R. 2 is a more visual

229

00:14:44.310 --> 00:14:47.099

Steve Hack: representation of the different ideas.

230

00:14:47.170 --> 00:14:48.220

Steve Hack: Yeah, there we go.

231

00:14:49.130 --> 00:14:52.321

Zoom user: Okay, so this is the

232

00:14:53.200 --> 00:14:58.009

Zoom user: sign, as it right is right now from the Google Street view as well.

233

00:14:58.170 --> 00:15:13.569

Zoom user: Now, the foliage that we will be tearing out like stated. Is going to be like the branches here, and the bush that's in front. So as kind of a comparison, there's the branches and bushes.

234

00:15:13.977 --> 00:15:17.159

Zoom user: We'll be taking out this bush for sure.

235

00:15:17.552 --> 00:15:32.477

Zoom user: And we might be taking out these side branches and bushes, depending on how much you want us to take out if you want us to leave any there, and what we do from a landscaping point of view. So this is what it looks like as like bare bones

236

00:15:32.770 --> 00:15:53.520

Zoom user: as you can see. The church that we have right now is a very tall sign. Now the 1st sign idea has have is a much lower to the ground sign which may or may not require us moving the fence back.

It would depend on this. Depend on. If you wanted to have the sign behind the fence and the sign covering it a little bit.

237  
00:15:53.520 --> 00:16:00.719  
Zoom user: If you wanted to raise, sign one up a little bit, or moving the fence back like I have drawn up here. So

238  
00:16:00.840 --> 00:16:05.630  
Zoom user: if we move the fence back, then it would look something like this.

239  
00:16:05.690 --> 00:16:26.870  
Zoom user: Portion proportions are a little off because perspective is weird, but it would kind of look something like this with it going back into the corner, the sign being out in front, and then something like a flower garden. With maybe some bricks or something like that around, so it would look something like this, more or less. Give or take

240  
00:16:27.280 --> 00:16:29.140  
Zoom user: now.

241  
00:16:29.370 --> 00:16:30.740  
Zoom user: that's ideal one.

242  
00:16:31.520 --> 00:16:38.289  
Zoom user: And here is the 1st layer for reference. So the corner side, the corner would come in.

243  
00:16:38.430 --> 00:16:41.120  
Zoom user: and the new sign would be right here.

244  
00:16:41.470 --> 00:16:46.449  
Zoom user: Now, idea 2 is a lot more similar to

245  
00:16:46.580 --> 00:16:50.140  
Zoom user: idea, for to the original sign, as it is now

246  
00:16:51.580 --> 00:17:19.529  
Zoom user: idea. 2 leaves the fence as it is right now. And it's a much taller sign. So it is above the fence and kind of like rises above like this one currently does. So. The second one would look

something like this, with the metal grate there on the back, a rising up above the fence. I also moved it over a little bit, so it would be a little bit more visible from the road, being right on the corner there

247  
00:17:19.859 --> 00:17:27.640  
Zoom user: and then the sign or the face part would be here, and we can also change the color and the wording

248  
00:17:27.660 --> 00:17:36.930  
Zoom user: and stuff like that, and some foliage I drew up. It's this one's very open to foliage modification. It's like we could do some new trees, some new bushes.

249  
00:17:37.050 --> 00:17:46.969  
Zoom user: It's kind of up to you guys and what input you have for me and what you guys are thinking and how you want to take this side, which direction you want to go.

250  
00:17:48.400 --> 00:17:53.340  
Zoom user: So I think that's all I have. So if you

251  
00:17:53.450 --> 00:17:55.890  
Zoom user: have some questions, I can

252  
00:17:56.350 --> 00:17:58.669  
Zoom user: answer those. And

253  
00:17:59.400 --> 00:18:00.510  
Zoom user: yeah.

#### DISCUSSION FOR PRESENTATION:

254  
00:18:01.480 --> 00:18:30.559  
Geri Sue Coe: I have a question on the 1st one you said with the wood post with the cross member, and that we could have the sign as a stone. What is the weight on that? Is there some extra things that need to be done? If you have stone as the sign. I mean, you know, metal, and you know plastic would be easier, as it wouldn't be. But stone. How heavy the stone would you be having.

255  
00:18:32.550 --> 00:18:33.260  
Zoom user: I'm gonna fly.

256  
00:18:33.260 --> 00:18:35.999

Steve Hack: Like a flagstone, is

257

00:18:36.720 --> 00:18:41.859

Steve Hack: fairly thin, and something that's able to be I can pick up

258

00:18:41.920 --> 00:18:50.347

Steve Hack: so from a weight side. We're not looking at like the sign for the meet high School size of stone. It'd be more of a flag, stone

259

00:18:51.212 --> 00:18:57.217

Steve Hack: inch and a half thick. So I'm thinking that's in the 50 to a hundred it would be a little bit more

260

00:18:57.560 --> 00:19:00.360

Steve Hack: massive than the

261

00:19:00.860 --> 00:19:07.119

Steve Hack: then a metal sign, or something like that from a weight point of view, and would have it, would have to be anchored in appropriately.

262

00:19:07.920 --> 00:19:18.369

Geri Sue Coe: How long would that work if it was like a flagstone? Is that one of the stones that you were considering? Because I know that that can be eroded very easily with the wind and the weather.

263

00:19:21.280 --> 00:19:41.499

Steve Hack: There are a lot of places that do flagstone signage for either residential or even. I'm in the city of Longmont sign is flagstone. A larger piece mead high school is one. I don't know how long they tend to last, but that is something that can be. We can look up.

264

00:19:41.710 --> 00:19:43.530

Steve Hack: you can ask some of the contractors.

265

00:19:43.830 --> 00:20:00.780

Zoom user: The one at Mead High School is over 10 years old now, because they put it in when they remodeled the school. And so it's almost 15 years old, I believe, and it looks good still in good condition. It is the sandblasted

266

00:20:01.213 --> 00:20:07.229

Zoom user: so the letters are etched in, not painted on, so it tends to last longer. I believe.

267

00:20:08.060 --> 00:20:08.620

Geri Sue Coe: Okay.

268

00:20:09.950 --> 00:20:24.200

Geri Sue Coe: So with that one you mentioned that it would be lower to the ground. Is that the one that you were suggesting would be on the outside of the fence where we go back in and make that box. Okay, alright.

269

00:20:24.400 --> 00:20:27.770

Geri Sue Coe: Okay. Do we have height restrictions.

270

00:20:28.290 --> 00:20:31.960

Steve Hack: Potentially. The next steps for this is the

271

00:20:32.000 --> 00:20:45.790

Steve Hack: take this input and put together a proposal up because we will need to get this permitted from the city, and they do have some setbacks and height restrictions. I believe, from my 1st passing that both of these should meet it, but

272

00:20:45.980 --> 00:20:57.469

Steve Hack: need to actually get some actual dimensions and setbacks measured out and see what our high restrictions most of the restrictions are. Square footage wise, how big the sign can be.

273

00:20:58.050 --> 00:20:58.570

Geri Sue Coe: Okay.

274

00:20:58.570 --> 00:21:01.169

Tim: And is it is it true that? Go ahead, Jerry?

275

00:21:01.800 --> 00:21:03.150

Geri Sue Coe: Go ahead, Tim!

276

00:21:03.150 --> 00:21:07.150

Tim: Is it true that at this time the sign that we have right now is technically

277

00:21:07.470 --> 00:21:10.929

Tim: not appropriate from the city's point of view.

278

00:21:11.170 --> 00:21:23.949

Zoom user: It was never permitted when it was put in, so it could be in with Reg. It could be in with all the regulations, and it could be fine and up to code. It just was never officially registered and permitted.

279

00:21:23.950 --> 00:21:25.609

Steve Hack: Not that we know of.

280

00:21:26.135 --> 00:21:36.129

Steve Hack: When we talked briefly to the city about it, they were only aware of the sign that is on tipple.

281

00:21:36.580 --> 00:21:39.010

Steve Hack: or whatever it happens to be here on.

282

00:21:39.010 --> 00:21:40.100

Tim: Right by the parking lot.

283

00:21:40.320 --> 00:21:48.310

Steve Hack: Right by the parking lot, the the sign that I had never seen actually the one that's by the sitting area slash

284

00:21:48.540 --> 00:21:49.100

Steve Hack: the area.

285

00:21:49.100 --> 00:21:49.570

Tim: Oh, I see!

286

00:21:49.570 --> 00:21:52.250

Steve Hack: Cemetery, the the

287

00:21:52.630 --> 00:21:56.429

Steve Hack: a brick, or the stone sign that's loaded to the ground.

288

00:21:56.630 --> 00:21:58.479  
Steve Hack: There's some trees by it.

289  
00:21:58.923 --> 00:21:59.810  
Tim: Changeable letters!

290  
00:22:00.280 --> 00:22:00.950  
Zoom user: Yeah.

291  
00:22:01.210 --> 00:22:12.506  
Steve Hack: Yup, that's the one that they were thinking initially. And we're saying, No, we are looking at this sign. And she went, oh, she went. Okay? Oh, so we do need to double check that

292  
00:22:13.180 --> 00:22:17.634  
Steve Hack: It is contingent upon what what the cities comes back with

293  
00:22:18.900 --> 00:22:20.049  
Steve Hack: on that.

294  
00:22:20.889 --> 00:22:21.290  
Steve Hack: So.

295  
00:22:21.290 --> 00:22:24.610  
Jeff Nieuwsma: And that is not permitted. But here is one

296  
00:22:25.560 --> 00:22:27.820  
Jeff Nieuwsma: that is in Frederick

297  
00:22:28.260 --> 00:22:30.450  
Jeff Nieuwsma: that's similar to what you're talking about.

298  
00:22:30.930 --> 00:22:31.680  
Zoom user: Yeah.

299  
00:22:31.680 --> 00:22:32.230  
Tim: Yeah, that would.

300  
00:22:32.230 --> 00:22:33.580  
Zoom user: Be very similar.

301  
00:22:34.280 --> 00:22:55.789  
Steve Hack: Yeah. And actually, the the metal based one. Since you're pulling up references. The metal based one that we were looking at was inspired by the Park sign at the city of Longmont, over on Martin Street, they had one that has metal posts of that nature, but then they have a metal great behind it, with a sign that's sort of floating there.

302  
00:22:58.300 --> 00:22:59.100  
Steve Hack: What street.

303  
00:22:59.100 --> 00:22:59.710  
Jeff Nieuwsma: Long.

304  
00:23:00.476 --> 00:23:03.730  
Steve Hack: It is on! It's right off of Martin.

305  
00:23:03.930 --> 00:23:06.530  
Steve Hack: I can pull it up in street view real quick.

306  
00:23:12.014 --> 00:23:12.609  
Steve Hack: It's

307  
00:23:12.910 --> 00:23:14.410  
Steve Hack: right by the river

308  
00:23:14.530 --> 00:23:16.430  
Steve Hack: in Longmont

309  
00:23:22.310 --> 00:23:31.650  
Steve Hack: that is. Now that's 2 a 7. So it's right off of Boston. The sign for Dickens Farm. Natural area

310  
00:23:32.410 --> 00:23:33.570  
Steve Hack: of.

311  
00:23:37.350 --> 00:23:39.460  
Zoom user: Yeah, it's around there.

312  
00:23:41.050 --> 00:23:42.009  
Zoom user: or it's good.

313  
00:23:42.010 --> 00:23:45.919  
Steve Hack: To the other side of the river, the north side off of Boston.

314  
00:23:46.420 --> 00:23:48.540  
Steve Hack: You pull up street view

315  
00:23:49.222 --> 00:23:53.610  
Steve Hack: right by the parking lot on Boston to the to the west of Martin there.

316  
00:24:00.400 --> 00:24:04.470  
Steve Hack: So it's actually off of Boston.

317  
00:24:07.258 --> 00:24:10.569  
Steve Hack: You go south. Actually, you're going north right now.

318  
00:24:11.550 --> 00:24:12.940  
Geri Sue Coe: Can't you drive Jeff?

319  
00:24:14.943 --> 00:24:16.210  
Jeff Nieuwma: Apparently not.

320  
00:24:16.756 --> 00:24:19.250  
Geri Sue Coe: Do you need a woman to drive.

321  
00:24:19.530 --> 00:24:20.120  
Zoom user: Yes.

322  
00:24:20.560 --> 00:24:20.935  
Jeff Nieuwma: Yup!

323

00:24:21.310 --> 00:24:22.900

Tim: Or or a self driving car.

324

00:24:24.440 --> 00:24:26.379

Geri Sue Coe: Even I wouldn't even trust that.

325

00:24:29.070 --> 00:24:30.200

Zoom user: Other direction.

326

00:24:31.100 --> 00:24:33.460

Alechia Potter: It's always easy to drive when you know where you're going.

327

00:24:33.460 --> 00:24:34.310

Zoom user: Yeah. Go down.

328

00:24:34.310 --> 00:24:35.090

Geri Sue Coe: Right.

329

00:24:35.090 --> 00:24:36.160

Zoom user: A little bit.

330

00:24:36.500 --> 00:24:39.490

Steve Hack: Yep, go down Boston, and it'll be up ahead on the left

331

00:24:44.655 --> 00:24:47.349

Steve Hack: you can see it right where that cursor is. There. Yep.

332

00:24:49.240 --> 00:24:50.920

Jeff Nieuwma: Going off the road. Oh.

333

00:24:51.320 --> 00:24:52.389

Tim: How's it done, guys?

334

00:24:54.020 --> 00:24:54.410

Steve Hack: It's.

335  
00:24:54.410 --> 00:24:55.190  
Geri Sue Coe: You know.

336  
00:24:56.520 --> 00:24:57.330  
Zoom user: So.

337  
00:24:57.920 --> 00:24:58.329  
Steve Hack: So that was.

338  
00:24:58.330 --> 00:24:58.860  
Geri Sue Coe: Hi.

339  
00:24:58.860 --> 00:25:01.620  
Steve Hack: That was the inspiration for the other design.

340  
00:25:02.330 --> 00:25:02.880  
Steve Hack: Oh.

341  
00:25:02.880 --> 00:25:03.670  
Geri Sue Coe: Okay.

342  
00:25:04.610 --> 00:25:05.750  
Geri Sue Coe: that's cool.

343  
00:25:07.100 --> 00:25:13.277  
Geri Sue Coe: I have one more question. I noticed in the picture that we have a utility.

344  
00:25:14.810 --> 00:25:23.590  
Geri Sue Coe: I can't remember what the word is pedestal there is that going to be just incorporated with the landscaping?

345  
00:25:24.760 --> 00:25:25.500  
Geri Sue Coe: Yeah, that was.

346  
00:25:25.500 --> 00:25:32.190

Alechia Potter: That's my question, too. Or is that gonna have an effect on the permitting or what we'll be able to put there?

347

00:25:32.250 --> 00:25:34.010

Alechia Potter: Can we move the fence

348

00:25:34.630 --> 00:25:36.050

Alechia Potter: right there.

349

00:25:36.460 --> 00:25:37.540

Steve Hack: I talked about this.

350

00:25:37.943 --> 00:25:38.750

Jeff Nieuwma: Telephone. Yeah.

351

00:25:38.860 --> 00:25:40.050

Jeff Nieuwma: Pedestals.

352

00:25:40.050 --> 00:25:49.359

Steve Hack: I don't think we're gonna be able to move the pedestal itself. I don't think that's gonna restrict our ability of removing that or changing the fence

353

00:25:51.010 --> 00:25:54.680

Steve Hack: or where we put that in. But that's definitely something to take into.

354

00:25:55.440 --> 00:25:57.020

Steve Hack: to be aware of.

355

00:25:57.230 --> 00:26:01.259

Geri Sue Coe: Alright. Thank you. I appreciate it, that's all my questions, for right now.

356

00:26:03.040 --> 00:26:05.910

Geri Sue Coe: Awesome presentation cat.

357

00:26:05.910 --> 00:26:19.790

Steve Hack: Next steps at this point is, we have some ideas. We'd like to get some more input what styles to sort of try to write up and pursue and we'll be able to incorporate that with the plan

358  
00:26:20.000 --> 00:26:23.200  
Steve Hack: that can be submitted up to the city, the

359  
00:26:23.380 --> 00:26:40.819  
Steve Hack: permitting would need to come from St. Bridget's. We can't put it into the troops. Name it actually needs to be in the St. Bridget's name on that front we can and the permitting processes submit up the plans, and then they'll come back when we actually pull. The permit is when they decide how much

360  
00:26:41.200 --> 00:26:42.680  
Steve Hack: it costs.

361  
00:26:44.140 --> 00:26:49.330  
Steve Hack: And yeah, I have some references to the municipal codes as well, Jess, but thank you for the

362  
00:26:49.610 --> 00:26:50.639  
Steve Hack: reference.

363  
00:26:52.610 --> 00:26:58.619  
Steve Hack: and we'll be able to go from there. We'll also be able to start getting some estimates for

364  
00:26:58.650 --> 00:27:00.870  
Steve Hack: materials and fundraising

365  
00:27:01.050 --> 00:27:04.320  
Steve Hack: for what we need to do and get people to volunteer. Please.

366  
00:27:04.320 --> 00:27:07.111  
Alechia Potter: Yeah, I was just gonna ask if

367  
00:27:07.530 --> 00:27:19.779  
Alechia Potter: if we can get estimates on the cost of building the signs and possibly changing the fence and all that before we decide which one to go ahead with proposing on the permit.

368  
00:27:19.780 --> 00:27:32.600

Zoom user: All of the money will come from me. Getting support and donations in the Church's name. But the Church will not have to pay for it. It's

369  
00:27:32.660 --> 00:27:44.329  
Zoom user: more of a like part of the project is like self funding and like finding donations and finding like a way to pay for it yourself. I guess you know.

370  
00:27:44.680 --> 00:27:48.130  
Alechia Potter: Okay, so what sign we get depends on how much money you can raise.

371  
00:27:48.617 --> 00:27:53.512  
Steve Hack: Or how much money we have to raise depends on which sign.

372  
00:27:53.920 --> 00:27:54.290  
Zoom user: Exactly.

373  
00:27:54.290 --> 00:27:59.071  
Geri Sue Coe: Alicia, Alicia, just we're gonna tee you up for some yard sales.

374  
00:27:59.470 --> 00:28:01.870  
Alechia Potter: Well, that's happening next year. So.

375  
00:28:01.870 --> 00:28:02.620  
Sean: Alright!

376  
00:28:04.690 --> 00:28:08.140  
Jeff Solas (he/him): Thanks for putting together such a those nice visualizations.

377  
00:28:08.458 --> 00:28:10.849  
Jeff Solas (he/him): I appreciated that before that I was like.

378  
00:28:11.330 --> 00:28:17.819  
Jeff Solas (he/him): I was like. Both both options look good, and after that I was like, wait, I like the I like the idea of like a little like flower bed, or something with the brick.

379  
00:28:17.820 --> 00:28:18.220  
Steve Hack: Okay.

380

00:28:18.560 --> 00:28:19.060

Alechia Potter: And I love.

381

00:28:19.060 --> 00:28:19.440

Jeff Solas (he/him): Talkin.

382

00:28:19.440 --> 00:28:22.569

Alechia Potter: Show actual examples yeah, in real life.

383

00:28:22.570 --> 00:28:25.912

Jeff Solas (he/him): So I I think I think both the ideas are good. I

384

00:28:26.830 --> 00:28:37.619

Jeff Solas (he/him): that that was my particular favorite, and I'm really glad that you decided to do this for your Eagle project as a as an eagle scout myself. Congratulations on getting that far as a big journey ahead.

385

00:28:37.760 --> 00:28:40.420

Jeff Solas (he/him): How long? How long do you have till you're 18?

386

00:28:41.401 --> 00:28:43.360

Zoom user: I'm about to turn 15.

387

00:28:43.360 --> 00:28:44.849

Jeff Solas (he/him): Oh, so you've got like infinite times.

388

00:28:44.850 --> 00:28:46.249

Zoom user: Yeah, I got a while.

389

00:28:46.250 --> 00:28:48.029

Tim: She could do 2 or 3 more of these. Yeah.

390

00:28:48.030 --> 00:28:50.159

Jeff Solas (he/him): I got my Eagle project done like

391

00:28:50.790 --> 00:28:54.870

Jeff Solas (he/him): 6 months, 5, 5 months before I turned 18.

392

00:28:54.870 --> 00:28:55.849

Tim: You too, Jeff.

393

00:28:56.000 --> 00:29:06.750

Jeff Solas (he/him): I was like I was like, mostly I was mostly 18. I actually got the like some of some of the like stuff in the mail, and like Dad like the whole like Court of honor stuff after I was 18. So I was like I was skin of my teeth.

394

00:29:06.960 --> 00:29:07.970

Sean: Congratulations.

395

00:29:08.280 --> 00:29:10.760

Jeff Solas (he/him): On being on being on top of it. That's amazing.

396

00:29:10.760 --> 00:29:11.350

Zoom user: Thank you.

397

00:29:11.720 --> 00:29:15.729

Ann Magnuson: Yeah, it's a phenomenal presentation phenomenal.

398

00:29:16.010 --> 00:29:20.780

Zoom user: Thank you. I spent a lot of time working on it, so I'm glad it is paid off.

399

00:29:21.050 --> 00:29:21.370

Ann Magnuson: Yeah.

400

00:29:21.370 --> 00:29:21.819

Tim: Definitely, tell.

401

00:29:21.820 --> 00:29:23.859

Ann Magnuson: Well, you did a great job. Cat.

402

00:29:24.160 --> 00:29:25.090

Zoom user: Thank you.

403  
00:29:25.090 --> 00:29:27.619  
Sean: Absolutely. Thank you guys. Thank you, Steve. Thank you. Katherine.

404  
00:29:27.620 --> 00:29:36.189  
Jeff Nieusma: Have you? Have you talked to the town about whether they will allow us to have 2 signs, since we have that one

405  
00:29:36.450 --> 00:29:39.619  
Jeff Nieusma: a long tipple with the stone base.

406  
00:29:41.120 --> 00:29:45.990  
Jeff Solas (he/him): Hi, yo, jo! As I was as I was digging around the municipal codes, cause I was. I was just curious.

407  
00:29:46.383 --> 00:29:53.489  
Jeff Solas (he/him): I thought that there was no restriction on that, so I don't think that would be likely for the town to restrict

408  
00:29:53.918 --> 00:29:57.469  
Jeff Solas (he/him): there was. There was no limit on the number of signs for a property such as ours.

409  
00:29:57.780 --> 00:30:01.470  
Jeff Solas (he/him): But obviously I guess that would be a part of the conversation once we get to the permitting phase.

410  
00:30:01.700 --> 00:30:10.460  
Steve Hack: There were, there was. Some were now seen as to the number of signs, but it was also a function of how much street

411  
00:30:10.510 --> 00:30:15.850  
Steve Hack: street area that we have as well. So we have a pretty large area

412  
00:30:16.400 --> 00:30:23.300  
Steve Hack: if you count both Johnson and Tipple to potentially count towards it.

413  
00:30:23.670 --> 00:30:29.050

Steve Hack: So I think when I was doing my initial research on the on the codes, I

414

00:30:29.250 --> 00:30:35.910

Steve Hack: was am slightly concerned on that front, but optimistic that we can find one of the various.

415

00:30:36.900 --> 00:30:42.773

Steve Hack: not loopholes, but one of the various clauses that lets us have and replace that sign up so.

416

00:30:43.230 --> 00:30:45.290

Steve Hack: But we'll come to that as we

417

00:30:45.340 --> 00:30:46.689

Steve Hack: as we come to that.

418

00:30:46.840 --> 00:30:51.689

Sean: I I liked them both, I and I appreciate your your presentation cat. I

419

00:30:51.770 --> 00:30:56.020

Sean: I think my my concern with is what is happening with the

420

00:30:56.060 --> 00:31:07.979

Sean: old sign is that with that being a non potable water spraying, that there seems to be a interesting hue that comes from what I, from what I understand to be the water, want to make sure that whatever

421

00:31:08.379 --> 00:31:28.129

Sean: when this I that doesn't become another challenge on the new sign as well. So whatever whatever materials used. Yeah, that's that portable just something to consider in in all of the considerations that come to this. But great step forward and thank you guys for coming and participating with that.

422

00:31:28.870 --> 00:31:31.999

Jeff Solas (he/him): Yeah. Great color, Shawn. Some kind of like sealant coating or something on the wood.

423

00:31:32.460 --> 00:31:33.080

Jeff Nieuwma: At least.

424  
00:31:33.080 --> 00:31:42.339  
Sean: Exactly. I'm sorry. I'm kind of coming in and out with a video on my side. Just looks like my my Wi-fi isn't being a little unstable today. So

425  
00:31:42.793 --> 00:31:47.779  
Sean: if I UN a video, then I can still hear all of you guys. So that's important.

426  
00:31:47.780 --> 00:31:48.460  
Steve Hack: Happy.

427  
00:31:48.460 --> 00:31:53.470  
Jeff Nieusma: Is there anything you need from us on this presentation? And when.

428  
00:31:54.468 --> 00:32:03.170  
Zoom user: I before we can start submitting a proposal to the city. We do need to pick a sign design.

429  
00:32:03.430 --> 00:32:25.809  
Zoom user: so we'll have to pick a sign design, and possibly some of the foliage depending on the exact like what the city needs from the permitting aspect. And then we can fill out the application for the sign. But you guys will need to submit the permit application.

430  
00:32:25.810 --> 00:32:27.150  
Steve Hack: Signed intimate. Yeah.

431  
00:32:27.170 --> 00:32:28.289  
Steve Hack: And I think

432  
00:32:28.300 --> 00:32:34.619  
Steve Hack: we're at this point. We're working with Jerry as the main point of contact. So

433  
00:32:35.080 --> 00:32:44.230  
Steve Hack: I would say at this point, feed the information back through that, and we'll be in touch. Continuing to be in touch with Jerry and feel free to reach out to us

434  
00:32:44.570 --> 00:32:46.180  
Steve Hack: on Sundays, as well.

435  
00:32:46.950 --> 00:32:51.499  
Ann Magnuson: Would it help if we voted tonight? On which side we prefer? Or

436  
00:32:52.330 --> 00:32:56.019  
Ann Magnuson: I'm just asking like, what would help move that along for, you guys.

437  
00:32:57.273 --> 00:33:07.196  
Zoom user: In theory, as soon as we get the decision on the sign, the sooner we can start filling out the permit application. So

438  
00:33:07.950 --> 00:33:08.820  
Zoom user: yeah.

439  
00:33:09.030 --> 00:33:13.380  
Jeff Nieuwma: Well, let's take a straw poll. Then how many people like the 1st one.

440  
00:33:15.050 --> 00:33:15.989  
Sean: The stone, one.

441  
00:33:15.990 --> 00:33:16.840  
Geri Sue Coe: Both.

442  
00:33:17.480 --> 00:33:22.230  
Sean: Yeah, I don't think you could go wrong either way, but if I had a personal preference, I kind of like the stone one better.

443  
00:33:22.360 --> 00:33:22.880  
Jeff Nieuwma: And now, yeah.

444  
00:33:22.880 --> 00:33:23.779  
Geri Sue Coe: I love the stuff.

445  
00:33:23.780 --> 00:33:24.510  
Jeff Nieuwma: Yeah, one.

446  
00:33:24.510 --> 00:33:28.230

Tim: But the the purse, the stone one is the one we have to move the fence, though correct.

447

00:33:28.780 --> 00:33:29.140

Sean: Yeah.

448

00:33:29.140 --> 00:33:30.989

Zoom user: We in yeah.

449

00:33:31.700 --> 00:33:40.369

Steve Hack: Yes, we do, as Jeff had pointed out in the chat have a 6 foot height restriction so that might influence our ability.

450

00:33:40.370 --> 00:33:40.730

Tim: No.

451

00:33:40.730 --> 00:33:46.980

Steve Hack: Having a sign that goes up above the fence, so we might need to do a move the fence or

452

00:33:49.570 --> 00:33:54.529

Steve Hack: for either of them. We were looking to see if we could preserve the fence, but

453

00:33:54.630 --> 00:33:56.669

Steve Hack: they want the science to stay low.

454

00:33:57.530 --> 00:33:57.970

Jeff Solas (he/him): And.

455

00:33:57.970 --> 00:34:14.129

Geri Sue Coe: Like the idea of the fence being moved because it I feel it will bring more attention to that little diamond or square. If you look at it with whichever way you look at it, I feel it'll bring more attention to the sign.

456

00:34:14.290 --> 00:34:26.569

Alechia Potter: I think it also makes it seem more open to people passing by us like Oh, good! The great! The sign isn't behind a fence like. It's not some weird thing that I have to go behind a fence to get to.

457

00:34:28.270 --> 00:34:38.139

Steve Hack: Yeah, as the newest member since we come from the West Side. That's the only sign that we've ever seen until the city pointed out that other sign I didn't know there was.

458

00:34:38.250 --> 00:34:41.809

Steve Hack: and there, cause I never come from the East.

459

00:34:41.810 --> 00:34:42.380

Sean: Yeah.

460

00:34:42.380 --> 00:34:44.609

Geri Sue Coe: So, Steve, should we walk you around and show.

461

00:34:45.650 --> 00:34:48.899

Steve Hack: I've walked around with you guys. You walk me around.

462

00:34:48.909 --> 00:34:49.329

Sean: Previous.

463

00:34:49.330 --> 00:34:52.310

Steve Hack: I just never noticed that sign.

464

00:34:52.310 --> 00:34:56.939

Jeff Solas (he/him): Once, once they have a nice new sign that'll definitely be something we want to show off to our.

465

00:34:56.949 --> 00:34:58.049

Zoom user: Members, right?

466

00:34:58.179 --> 00:34:59.039

Zoom user: Yep.

467

00:34:59.893 --> 00:35:03.919

Jeff Solas (he/him): Yeah, the the 6 foot height restriction. I I think that putting it in front of a fence.

468

00:35:04.030 --> 00:35:08.451

Jeff Solas (he/him): if possible, sounds good as a non voting member of the BCC.

469  
00:35:08.820 --> 00:35:09.480  
Tim: Right, yeah.

470  
00:35:09.480 --> 00:35:12.619  
Jeff Solas (he/him): That's that's that's what I would advocate for.

471  
00:35:12.620 --> 00:35:20.730  
Jeff Nieuwma: Did you consider just kind of making that area triangle instead of a square? Just kinda

472  
00:35:20.960 --> 00:35:23.899  
Jeff Nieuwma: cut that corner and put the sign right in front of the

473  
00:35:23.960 --> 00:35:25.289  
Jeff Nieuwma: fence like that.

474  
00:35:25.850 --> 00:35:26.739  
Zoom user: Yeah, we could do that.

475  
00:35:26.740 --> 00:35:28.319  
Tim: Like Corner Corner Jeff.

476  
00:35:28.320 --> 00:35:28.950  
Jeff Nieuwma: Yeah.

477  
00:35:29.170 --> 00:35:30.139  
Jeff Solas (he/him): Transferred to.

478  
00:35:30.140 --> 00:35:32.379  
Jeff Nieuwma: Diagonal instead of either street.

479  
00:35:32.650 --> 00:35:33.130  
Alechia Potter: Yeah.

480  
00:35:33.130 --> 00:35:34.539  
Jeff Solas (he/him): Of fencing, too.

481  
00:35:34.540 --> 00:35:35.580  
Alechia Potter: Exactly.

482  
00:35:35.580 --> 00:35:36.710  
Zoom user: That would work. Yeah.

483  
00:35:37.030 --> 00:35:39.869  
Zoom user: it was. It was sort of hard to draw it with the way the image.

484  
00:35:39.870 --> 00:35:40.750  
Steve Hack: Disposition.

485  
00:35:40.750 --> 00:35:47.110  
Zoom user: But yeah, I was. The envision from Mont Point is directly on the corner. So it's like, front and center.

486  
00:35:47.180 --> 00:35:48.640  
Zoom user: Very pretty. Yeah.

487  
00:35:48.920 --> 00:35:49.680  
Sean: Bingo!

488  
00:35:50.060 --> 00:35:50.600  
Sean: Come back!

489  
00:35:50.600 --> 00:35:55.619  
Steve Hack: And for reference the city code does have requirements that it be landscaped

490  
00:35:55.670 --> 00:35:57.840  
Steve Hack: and we'll verify.

491  
00:35:57.880 --> 00:36:09.949  
Steve Hack: I think, the plans for the flower gardens, and that's side of stuff meets those needs. But it's just a plain sign sticking. There won't actually pass. It does need landscaping.

492

00:36:10.290 --> 00:36:10.800

Steve Hack: Yes.

493

00:36:10.800 --> 00:36:24.920

Geri Sue Coe: Is there a setback from the sidewalk that we need to consider, because the idea of Jeff's idea of making it you know, triangular from that point. Would that put that sign too close to the sidewalk?

494

00:36:26.180 --> 00:36:26.850

Steve Hack: And we always.

495

00:36:26.850 --> 00:36:28.110

Jeff Nieusma: Have a sense.

496

00:36:28.110 --> 00:36:28.500

Steve Hack: Right.

497

00:36:28.890 --> 00:36:29.860

Zoom user: Yeah, we can only.

498

00:36:29.860 --> 00:36:31.830

Jeff Nieusma: Right next to the sidewalk, now

499

00:36:32.120 --> 00:36:33.130

Jeff Nieusma: so.

500

00:36:33.713 --> 00:36:34.880

Geri Sue Coe: But but.

501

00:36:34.880 --> 00:36:35.519

Jeff Nieusma: I am.

502

00:36:35.520 --> 00:36:36.659

Geri Sue Coe: Understand what you're saying.

503

00:36:37.340 --> 00:36:52.750

Gerisue Coe: but we are doing it today. And we all know of some example somewhere in our world where we change something today. All the new rules of taking effect. So you know, that's my question is.

504

00:36:52.860 --> 00:37:01.220

Gerisue Coe: is, by doing this, will we now have a setback that needs to be looked at if we were to triangulate that corner.

505

00:37:01.900 --> 00:37:02.850

Steve Hack: We'll look into that.

506

00:37:03.040 --> 00:37:03.670

Zoom user: Yeah.

507

00:37:03.990 --> 00:37:14.149

Alechia Potter: Well and does to the red bricks that are on the outside of the fence. Are those our property? Or is that also city property, because that might

508

00:37:14.470 --> 00:37:24.310

Alechia Potter: count for part of that setback. If we are required to have a setback, maybe we can put it directly up against the red bricks, because those are on our property.

509

00:37:24.310 --> 00:37:29.340

Jeff Nieuwsma: The city wants either 6 or 8 feet of sidewalk, and I can't remember which.

510

00:37:29.580 --> 00:37:32.509

Jeff Nieuwsma: And then everything beyond that is ours.

511

00:37:33.430 --> 00:37:41.639

Zoom user: You can completely steer clear of the sidewalk and push the fence back further, so that the sign and the bricks are all in front.

512

00:37:42.800 --> 00:37:43.950

Zoom user: not on the side.

513

00:37:44.340 --> 00:37:44.950

Jeff Nieuwsma: Yeah.

514

00:37:44.950 --> 00:37:49.300

Tim: And we certainly do have a lot of space there. I mean, kind of for that yard. So.

515

00:37:49.770 --> 00:37:52.350

Tim: losing some of that yard space for the sign.

516

00:37:53.870 --> 00:37:55.090

Tim: isn't that big of a deal.

517

00:37:55.090 --> 00:38:01.700

Jeff Nieusma: I don't think anyone will notice, because we have those bushes there, so we can't. Nobody uses it anyway.

518

00:38:01.860 --> 00:38:14.969

Jeff Solas (he/him): Yeah. Looking at it from my memory, I think that the I think the surface area of that green corner bush may well be close to. You know that that sounds like most of the surface area. That would be this flower garden.

519

00:38:14.970 --> 00:38:15.460

Jeff Nieusma: You know.

520

00:38:16.940 --> 00:38:21.159

Steve Hack: Yeah. And we'll make sure, as we're doing this, that it doesn't

521

00:38:21.280 --> 00:38:33.969

Steve Hack: snowball up into a changing of requirements for more and more stuff. And we'll be cognizant of that. We can always say, No, we can't do that if they come back and say, Oh, you need to change everything in the world

522

00:38:34.020 --> 00:38:40.110

Steve Hack: like changing breaker out in the house. And all of a sudden you have to put a whole new panel in and change everything to Gfi's and.

523

00:38:41.960 --> 00:38:46.529

Sean: And it has to be lit at night. And I'm just teasing. Yeah, we.

524

00:38:46.530 --> 00:38:54.979

Steve Hack: And one thing to note, we're we do not have any plans for power. So that that alleviates the power aspect of

525  
00:38:55.460 --> 00:39:11.970  
Steve Hack: of the signage at this point the current one is not powered, although I think there might be an extension cord that was snaked over that way. But not doing the trenching or putting in any permanent power, was not in any of those plans.

526  
00:39:13.010 --> 00:39:13.660  
Jeff Nieuwma: Good.

527  
00:39:14.130 --> 00:39:14.670  
Steve Hack: Yeah.

528  
00:39:14.960 --> 00:39:21.770  
Jeff Solas (he/him): Yeah, I don't think that's necessary. I mean, I think if if somebody really wanted to like put a light there, there are so many of those little like, yeah, lawn.

529  
00:39:22.640 --> 00:39:24.529  
Sean: So solar solar power.

530  
00:39:24.830 --> 00:39:28.680  
Jeff Solas (he/him): Yeah, you just stake those into the into the ground. That would be a beautiful

531  
00:39:28.690 --> 00:39:30.070  
Jeff Solas (he/him): flower bed. There.

532  
00:39:31.080 --> 00:39:31.620  
Steve Hack: So.

533  
00:39:31.620 --> 00:39:32.320  
Sean: Okay.

534  
00:39:33.630 --> 00:39:34.340  
Steve Hack: Okay.

535  
00:39:34.610 --> 00:39:35.850

Sean: Well, thank you guys.

536

00:39:35.850 --> 00:39:39.200

Tim: Do we do? We want to go back to the vote? I I know that I kind of halted that.

537

00:39:40.480 --> 00:39:43.119

Tim: Just so. Just so we know which sign.

538

00:39:43.120 --> 00:39:48.480

Sean: Okay, do we want to just show a hand for a minute the one that had number one, or we put one up and

539

00:39:48.810 --> 00:39:50.429

Sean: or 2 up, or

540

00:39:50.510 --> 00:39:54.550

Sean: I don't know. Threes. I don't care, or or either way. Okay.

541

00:39:54.960 --> 00:39:56.239

Sean: I see 2, 2, 2, 2.

542

00:39:56.240 --> 00:39:57.856

Tim: That's Jeff's non voting finger.

543

00:39:58.180 --> 00:39:59.939

Sean: Right, my dog!

544

00:39:59.940 --> 00:40:01.579

Tim: A solid selassis. Yeah.

545

00:40:02.350 --> 00:40:04.690

Alechia Potter: I'm also going to cast my vote for one.

546

00:40:04.690 --> 00:40:05.460

Sean: Okay.

547

00:40:06.940 --> 00:40:10.616

Sean: looks like we got a lot of ones. I got a lot of hook them horns, too. Thanks, Jeff.

548

00:40:11.830 --> 00:40:17.649

Jeff Nieuwsma: Looks like one's gonna take the day. So why don't you run with that and see if you can make that happen.

549

00:40:17.910 --> 00:40:19.039

Tim: Quite exciting. Yeah.

550

00:40:19.210 --> 00:40:20.010

Sean: Alright, I will.

551

00:40:20.010 --> 00:40:23.639

Zoom user: We'll work on that and try and make that work. Thank you so much again for.

552

00:40:23.640 --> 00:40:25.850

Alechia Potter: No, thank you so much, Kat.

553

00:40:25.850 --> 00:40:26.180

Geri Sue Coe: You.

554

00:40:26.180 --> 00:40:26.820

Sean: Thank thank you.

555

00:40:26.820 --> 00:40:27.580

Jeff Solas (he/him): Was great.

556

00:40:27.780 --> 00:40:30.339

Sean: And good luck to you. On the next steps in the process.

557

00:40:30.340 --> 00:40:31.080

Zoom user: Thank you.

558

00:40:31.080 --> 00:40:32.289

Sean: Alright, take care!

559  
00:40:32.290 --> 00:40:33.040  
Steve Hack: Thank you. Guys.

560  
00:40:33.040 --> 00:40:34.420  
Zoom user: Yeah, thank you.

561  
00:40:34.630 --> 00:40:35.120  
Zoom user: My.

562  
00:40:35.120 --> 00:40:36.109  
Geri Sue Coe: Bye, guys.

563  
00:40:36.110 --> 00:40:36.760  
Zoom user: I.

564  
00:40:39.770 --> 00:40:40.440  
Sean: Thanks.

565  
00:40:41.040 --> 00:40:43.930  
Sean: So I'm going back to

**BCC CHECK IN:**

566  
00:40:44.390 --> 00:40:46.489  
Sean: BCC check in.

567  
00:40:46.650 --> 00:40:47.520  
Sean: I'm about.

568  
00:40:49.680 --> 00:40:51.139  
Sean: I'm a user 100.

569  
00:40:51.560 --> 00:40:52.809  
Sean: Okay? I'll pause.

570  
00:40:54.650 --> 00:40:55.450  
Sean: And then

571  
00:40:57.550 --> 00:40:59.050  
Sean: met to them.

572  
00:40:59.800 --> 00:41:00.760  
Sean: Okay.

573  
00:41:01.380 --> 00:41:03.938  
Sean: I think we're at the

#### VICAR'S REPORT:

574  
00:41:04.690 --> 00:41:06.790  
Sean: vicar's report, father Tim.

575  
00:41:06.790 --> 00:41:09.494  
Tim: Yeah, thank you. I'll I'll cut it down a little bit.

576  
00:41:11.380 --> 00:41:13.599  
Tim: one thing I do. I was going to talk a little bit.

577  
00:41:13.640 --> 00:41:15.379  
Tim: The that love your neighbor sign.

578  
00:41:15.940 --> 00:41:19.840  
Tim: But we'll table that because we focused a lot on the other side this time.

579  
00:41:20.668 --> 00:41:22.809  
Tim: Confirmation, we've got 2 kids.

580  
00:41:22.830 --> 00:41:24.870  
Tim: We have 4 kids who are being confirmed.

581  
00:41:24.880 --> 00:41:27.650  
Tim: 2 of them have parents sitting right here in this room.

582  
00:41:27.770 --> 00:41:30.559

Tim: So congratulations to Anne, your daughter, mia

583

00:41:30.690 --> 00:41:38.470

Tim: John, congratulations to your daughter Michaela. So Saturday the 24, th at 10 o'clock it is live, streamed as well.

584

00:41:38.600 --> 00:41:40.730

Tim: That information will be sent out, but

585

00:41:41.060 --> 00:41:45.340

Tim: I think that's not just a Testament to the kids, but it's also testament to the parents. So congratulations.

586

00:41:45.340 --> 00:41:45.670

Geri Sue Coe: Choice.

587

00:41:45.670 --> 00:41:46.309

Tim: You all.

588

00:41:46.990 --> 00:41:47.730

Geri Sue Coe: Yeah.

589

00:41:48.650 --> 00:41:52.820

Tim: We've got some exciting events coming up the parish picnic being one of the big ones.

590

00:41:53.050 --> 00:41:56.999

Tim: So we're doing a couple kickoff things that's on the 25.th So that next day

591

00:41:57.750 --> 00:41:59.110

Tim: after the service.

592

00:41:59.310 --> 00:42:02.254

Tim: so we've got a lot of lawn games coming up for that.

**CONVERSATION ABOUT MICHELLE:**

thanks everyone, it made me cry but also made me feel so loved!

593

00:42:02.550 --> 00:42:09.729

Tim: so I think for the for the majority of my stuff. I wanted to ask. And we've sent some emails about this, of course, related to Michelle

594

00:42:09.910 --> 00:42:12.180

Tim: what we can do as a BCC.

595

00:42:12.190 --> 00:42:14.359

Tim: Staff at the church at that church.

596

00:42:14.400 --> 00:42:17.290

Tim: you know, there's so many different ways that we could help one another.

597

00:42:19.410 --> 00:42:20.550

Tim: what do we want to do.

598

00:42:24.610 --> 00:42:27.720

Ann Magnuson: I looked into a couple of things today.

599

00:42:29.570 --> 00:42:30.370

Sean: Hi, Clary.

600

00:42:30.680 --> 00:42:33.409

Ann Magnuson: Thanks, Jeff, for sending me that info

601

00:42:34.215 --> 00:42:38.029

Ann Magnuson: I called around to those restaurants.

602

00:42:38.662 --> 00:42:43.500

Ann Magnuson: There are local restaurants. Let me just get my notes out real quick.

603

00:42:43.790 --> 00:42:44.480

Ann Magnuson: Excellent.

604

00:42:48.051 --> 00:42:51.239

Ann Magnuson: To the local restaurants in Michigan

605

00:42:51.300 --> 00:42:56.439

Ann Magnuson: brandy's. You can buy a gift card online and send it online.

606

00:42:57.537 --> 00:43:00.640

Ann Magnuson: To shakers. You can call them

607

00:43:01.089 --> 00:43:05.919

Ann Magnuson: pay them over the phone and have a gift card mailed

608

00:43:06.783 --> 00:43:10.169

Ann Magnuson: or we could do a visa gift card

609

00:43:10.190 --> 00:43:11.636

Ann Magnuson: and then

610

00:43:12.590 --> 00:43:14.360

Ann Magnuson: they can buy meals.

611

00:43:14.620 --> 00:43:15.859

Ann Magnuson: their leisure.

612

00:43:16.890 --> 00:43:19.599

Ann Magnuson: The reason why I think mills are important

613

00:43:20.560 --> 00:43:23.480

Ann Magnuson: cause making food is

614

00:43:24.590 --> 00:43:25.349

Ann Magnuson: it's the last.

615

00:43:25.350 --> 00:43:25.720

Geri Sue Coe: Ring.

616

00:43:25.720 --> 00:43:28.019

Ann Magnuson: It's the last thing you want to do

617

00:43:28.080 --> 00:43:30.030  
Ann Magnuson: and comfort food

618  
00:43:30.390 --> 00:43:32.680  
Ann Magnuson: kills the soul when you're grieving.

619  
00:43:34.210 --> 00:43:36.170  
Ann Magnuson: Well, did I know that you went.

620  
00:43:36.170 --> 00:43:37.759  
Tim: That's not too long ago. Yeah.

621  
00:43:37.990 --> 00:43:40.000  
Ann Magnuson: Going through it very recently.

622  
00:43:40.390 --> 00:43:41.460  
Ann Magnuson: It's like

623  
00:43:41.470 --> 00:43:49.660  
Ann Magnuson: you don't really know when you want to eat, because you don't feel like eating. But then, when you get the urge, you just kind of want something comforting, and

624  
00:43:50.930 --> 00:43:53.579  
Ann Magnuson: you just tell somebody to run out and get it.

625  
00:43:53.750 --> 00:43:59.890  
Ann Magnuson: And so, having that kind of readily available, like a gift card or something is really nice.

626  
00:44:00.170 --> 00:44:00.610  
Alechia Potter: And have.

627  
00:44:00.610 --> 00:44:00.980  
Ann Magnuson: Again.

628  
00:44:00.980 --> 00:44:08.909

Alechia Potter: Card that you need to use can help remind you that you really do need to eat if you don't want to. If you're not thinking about it

629  
00:44:08.980 --> 00:44:15.729  
Alechia Potter: like, Oh, well, here's this gift card. It needs to get used. Maybe I'll get some food today, even though I don't feel like it.

630  
00:44:19.500 --> 00:44:20.370  
Ann Magnuson: So

631  
00:44:20.510 --> 00:44:25.480  
Ann Magnuson: those are 3 things for us to think about. And maybe if we could

632  
00:44:25.690 --> 00:44:27.710  
Ann Magnuson: gather a card and

633  
00:44:28.210 --> 00:44:29.730  
Ann Magnuson: I'm happy to do this.

634  
00:44:29.980 --> 00:44:35.159  
Ann Magnuson: I'm happy to send a card from all of us and get the gift card and mail it.

635  
00:44:40.490 --> 00:44:45.460  
Tim: So I I really like that gift card idea, especially the the ones that Jeff named

636  
00:44:46.196 --> 00:44:49.039  
Tim: and the reasons for it. I think, Anne, you're

637  
00:44:49.250 --> 00:44:51.710  
Tim: your reasonings on. That is is just spot on

638  
00:44:53.090 --> 00:44:55.879  
Tim: Whether it's a card from us, you know we

639  
00:44:56.690 --> 00:45:00.319  
Tim: I we haven't done a lot of congregation cards that I know of.

640

00:45:00.420 --> 00:45:02.460

Tim: So when other people who have passed away

641

00:45:03.130 --> 00:45:06.229

Tim: I don't know what all that we've done. My recollection.

642

00:45:06.310 --> 00:45:09.050

Tim: Michelle's not here, though, so I certainly

643

00:45:10.130 --> 00:45:15.030

Tim: it would be okay if we wanted to do something on that larger scale. So not just the BCC. Or the staff.

644

00:45:15.070 --> 00:45:18.980

Tim: But if, after the service on Sunday, we wanted to say, Hey, you know what everybody?

645

00:45:19.930 --> 00:45:25.949

Tim: Michelle's mom has passed away, and Michelle's not with us on a regular basis. So one way that we can be in touch

646

00:45:25.980 --> 00:45:32.259

Tim: is to all send something to her together, kind of all of us signing as best as we can. We certainly couldn't get every name on it.

647

00:45:32.919 --> 00:45:36.589

Tim: That may not be the direction that we want to go. But that is an idea.

648

00:45:42.225 --> 00:45:43.200

Tim: Yeah.

649

00:45:45.120 --> 00:45:49.029

Tim: Okay, well, then what do you all think about a BCC card, or

650

00:45:49.210 --> 00:45:51.290

Tim: or do you want to go? The parish idea card.

651

00:45:51.960 --> 00:45:53.670  
Ann Magnuson: We could do both, even.

652  
00:45:53.670 --> 00:45:54.040  
Geri Sue Coe: Yeah.

653  
00:45:54.040 --> 00:45:58.769  
Ann Magnuson: Could pick up a couple of cards before Sunday, and

654  
00:45:59.090 --> 00:46:04.802  
Ann Magnuson: we could try to do both, and I could just have it openly after the service.

655  
00:46:05.480 --> 00:46:12.210  
Ann Magnuson: get as many signatures as possible. But also, I think it's really important that we send one just from the BCC.

656  
00:46:12.450 --> 00:46:14.469  
Ann Magnuson: Because she does so much for us.

657  
00:46:14.710 --> 00:46:19.329  
Ann Magnuson: and I think it's imperative that we show our support. During this time.

658  
00:46:20.810 --> 00:46:21.999  
Sean: 100%.

659  
00:46:22.490 --> 00:46:23.360  
Geri Sue Coe: Agree.

660  
00:46:27.560 --> 00:46:28.619  
Tim: Other thoughts on that.

661  
00:46:30.840 --> 00:46:33.869  
Tim: So as far as getting the money for the cards.

662  
00:46:34.400 --> 00:46:38.830  
Tim: you know, as as the church, we don't have line items for for this kind of thing.

663

00:46:41.770 --> 00:46:44.010

Alechia Potter: I'm certainly more than willing to put in.

664

00:46:44.380 --> 00:46:46.129

Alechia Potter: you know, 10 or 20 bucks

665

00:46:46.360 --> 00:46:46.890

Alechia Potter: for.

666

00:46:46.890 --> 00:46:47.370

Geri Sue Coe: Me too.

667

00:46:47.370 --> 00:46:48.859

Alechia Potter: That's what if and.

668

00:46:48.860 --> 00:46:49.180

Tim: Same.

669

00:46:49.180 --> 00:46:51.740

Alechia Potter: Could get them, and then we'll just pay her

670

00:46:52.600 --> 00:46:53.830

Alechia Potter: on Sunday.

671

00:46:54.270 --> 00:46:56.110

Geri Sue Coe: I'd be happy to do that, too.

672

00:46:56.110 --> 00:46:59.850

Tim: So as a BCC. And I can mention it to the staff as well.

673

00:47:00.070 --> 00:47:02.760

Tim: BCC and the staff, if they want to chip in

674

00:47:02.980 --> 00:47:04.070

Tim: to try to get

675

00:47:04.290 --> 00:47:05.900

Tim: financial resources

676

00:47:06.160 --> 00:47:07.580

Tim: to to Anne

677

00:47:08.100 --> 00:47:10.579

Tim: somehow. We're to bring it on Sunday, or let people know.

678

00:47:13.290 --> 00:47:13.800

Sean: Yeah, I think so.

679

00:47:13.800 --> 00:47:21.099

Tim: She's she's also our admin for the church. Yes, so BCC. And also staff she is kind of that solid person.

680

00:47:21.660 --> 00:47:23.260

Jeff Solas (he/him): She's definitely an all star.

681

00:47:23.669 --> 00:47:30.909

Jeff Solas (he/him): Yeah, I really like the idea of us of us kind of coming together as a BCC. And and Tim, you reaching out and getting the staff involved, too.

682

00:47:31.435 --> 00:47:35.269

Jeff Solas (he/him): To support her in the in this way. I think it's a really good idea.

683

00:47:38.380 --> 00:47:48.949

Ann Magnuson: The only thing I'll need is her address in Michigan. At some point, so that I can get this sent off to her. Once I get it collected and

684

00:47:49.730 --> 00:47:52.899

Ann Magnuson: finalize. If you guys are good with that

685

00:47:56.855 --> 00:47:59.940

Ann Magnuson: somebody could just email it over to me.

686

00:48:01.440 --> 00:48:02.070

Sean: Okay.

687

00:48:02.510 --> 00:48:04.850

Ann Magnuson: I'll get it taken care of next week.

688

00:48:05.640 --> 00:48:06.520

Sean: Thank you, Anne.

689

00:48:07.990 --> 00:48:09.420

Sean: Thank you. Everybody.

690

00:48:09.420 --> 00:48:10.680

Alechia Potter: Thank you so much, Anne.

691

00:48:12.040 --> 00:48:12.690

Geri Sue Coe: Yes.

692

00:48:16.000 --> 00:48:21.249

Tim: So outside of that I don't and I see Jeff's got that address right down there in the chat.

693

00:48:21.920 --> 00:48:22.790

Tim: I

694

00:48:23.120 --> 00:48:27.919

Tim: I don't have anything else on my end from the Vickers. Report any questions for me at this time?

695

00:48:30.540 --> 00:48:31.260

Tim: All right.

### DEACON'S REPORT:

696

00:48:32.670 --> 00:48:37.559

Sean: Alright, thank you. Thank you, vicar. Our deacon is out

### Bishop Warden's Report:

697

00:48:38.185 --> 00:48:41.670

Sean: bishops. Warden. Not a lot substantial of.

698

00:48:47.210 --> 00:48:48.420

Tim: Sean, you still with us?

699

00:48:53.510 --> 00:48:55.240

Tim: What's the next thing on the agenda?

700

00:48:55.970 --> 00:48:56.720

Tim: Was it

701

00:48:56.860 --> 00:48:57.960

Tim: vicious, Warden?

### Property Warden's Report:

702

00:48:59.460 --> 00:49:00.509

Jeff Nieuwma: Yeah. He was

703

00:49:00.680 --> 00:49:03.920

Jeff Nieuwma: starting his bishop's warden report before he froze.

704

00:49:07.070 --> 00:49:08.480

Tim: What they say about Episcopalians.

705

00:49:09.720 --> 00:49:10.410

Tim: frozen chels, and.

706

00:49:10.410 --> 00:49:10.940

Jeff Nieuwma: See

707

00:49:11.060 --> 00:49:13.787

Jeff Nieuwma: we can do the property Warden report while we're waiting.

708

00:49:14.430 --> 00:49:15.440

Tim: Yeah, let's do that.

709

00:49:17.920 --> 00:49:19.759  
Jeff Nieusma: Now is everyone else frozen?

710  
00:49:20.700 --> 00:49:21.429  
Jeff Nieusma: No, yep.

711  
00:49:21.430 --> 00:49:22.619  
Jeff Solas (he/him): I think I think we're good.

712  
00:49:23.300 --> 00:49:24.260  
Geri Sue Coe: Hi, Jeff!

713  
00:49:25.040 --> 00:49:26.170  
Tim: Let me just start moving around.

714  
00:49:26.170 --> 00:49:28.010  
Jeff Solas (he/him): Oh, wow!

715  
00:49:28.310 --> 00:49:29.010  
Tim: Oh yes!

716  
00:49:29.380 --> 00:49:31.419  
Jeff Solas (he/him): Soon as somebody goes to give their report. They're.

717  
00:49:31.420 --> 00:49:35.049  
Tim: Alright. Let's see. All right, Jeff Solas, let's see what happens when you give your report.

#### **TREASURER'S REPORT:**

718  
00:49:35.360 --> 00:49:42.500  
Jeff Solas (he/him): Well, Treasure Treasury's report should be very short and sweet. Because I have not yet gotten the monthly financials from Marlene.

719  
00:49:43.240 --> 00:49:46.879  
Jeff Solas (he/him): So the June financials are still there, as I reported last time

720  
00:49:47.363 --> 00:49:54.140  
Jeff Solas (he/him): the good news I got the cell account created with 1st Bank in the proper fashion.

721  
00:49:54.210 --> 00:50:00.158  
Jeff Solas (he/him): So we should be able to receive donations via admin@stbridget.org again.

722  
00:50:02.500 --> 00:50:04.439  
Jeff Solas (he/him): And that's really the only update that I have.

723  
00:50:07.320 --> 00:50:14.799  
Jeff Solas (he/him): Oh, I also from last time I rolled over the CD. As the interest rate was

724  
00:50:14.910 --> 00:50:16.050  
Jeff Solas (he/him): comparable.

725  
00:50:16.060 --> 00:50:21.180  
Jeff Solas (he/him): and we discussed that if we did not need the money imminently. That seemed like a good idea.

726  
00:50:21.495 --> 00:50:24.249  
Jeff Solas (he/him): I rolled over again on the same 6 month schedule.

727  
00:50:24.680 --> 00:50:26.790  
Jeff Solas (he/him): So come

728  
00:50:27.200 --> 00:50:28.460  
Jeff Solas (he/him): December

729  
00:50:30.328 --> 00:50:34.310  
Jeff Solas (he/him): mid December. We will get to make that decision again.

730  
00:50:35.515 --> 00:50:38.410  
Jeff Solas (he/him): Anticipate interest. Rates

731  
00:50:38.610 --> 00:50:41.119  
Jeff Solas (he/him): might be falling by that time.

732  
00:50:41.800 --> 00:50:44.349

Jeff Solas (he/him): but I don't like to.

733  
00:50:45.070 --> 00:50:47.630  
Jeff Solas (he/him): I don't like to speculate on anything like that

734  
00:50:48.580 --> 00:50:52.349  
Jeff Solas (he/him): I got just enough of a college degree there to realize that nobody knows nothing.

735  
00:50:55.820 --> 00:50:57.589  
Geri Sue Coe: What is the rate right now, Joe.

736  
00:50:57.590 --> 00:50:58.320  
Dakota Lewis: Have.

737  
00:50:59.426 --> 00:51:01.890  
Jeff Solas (he/him): It's just under 5% for that, for that. CD.

738  
00:51:02.170 --> 00:51:03.180  
Geri Sue Coe: Oh, good!

739  
00:51:03.180 --> 00:51:05.460  
Jeff Solas (he/him): Yeah, yeah, it was

740  
00:51:05.710 --> 00:51:08.340  
Jeff Solas (he/him): 4.8 some. And now it's 4.7, some.

741  
00:51:13.110 --> 00:51:17.540  
Dakota Lewis: Are we concerned that you don't have the financials, even though we're halfway into August.

742  
00:51:17.930 --> 00:51:19.060  
Jeff Solas (he/him): No.

743  
00:51:19.630 --> 00:51:23.440  
Jeff Solas (he/him): no, usually she gets them to me on like the 15th or 16.th It's just because the

744

00:51:24.070 --> 00:51:26.090  
Jeff Solas (he/him): this Thursday.

745  
00:51:26.090 --> 00:51:27.049  
Dakota Lewis: Kind of early. Okay.

746  
00:51:27.050 --> 00:51:28.799  
Jeff Solas (he/him): Yeah, it's kind of like earlier in the month.

747  
00:51:28.940 --> 00:51:29.760  
Jeff Solas (he/him): you know.

748  
00:51:31.430 --> 00:51:35.780  
Jeff Solas (he/him): Sorry I'm not that concerned about it, I think, just because the because the 1st was a Thursday.

749  
00:51:36.682 --> 00:51:39.949  
Jeff Solas (he/him): So the 3rd Thursday is like only 15 days into the month.

750  
00:51:40.400 --> 00:51:42.929  
Jeff Solas (he/him): so I'm sure I'll get them in the next 4 or 5 days.

751  
00:51:44.400 --> 00:51:46.849  
Tim: And any kind of summary when you send it out to us.

752  
00:51:46.890 --> 00:51:50.359  
Tim: for those of us who don't do well reading budgets line by line.

753  
00:51:50.760 --> 00:51:54.960  
Jeff Solas (he/him): Yeah, I I'd have. I'll happily send out a summary at that point in time.

754  
00:51:54.960 --> 00:51:55.590  
Tim: Awesome.

755  
00:51:55.760 --> 00:51:56.590  
Jeff Solas (he/him): No worries.

756

00:51:57.660 --> 00:51:58.320

Jeff Solas (he/him): right.

757

00:51:58.560 --> 00:51:59.400

Tim: Fantastic.

758

00:51:59.400 --> 00:52:01.519

Jeff Solas (he/him): I'll I'll just send that on to the BCC.

759

00:52:02.040 --> 00:52:03.369

Jeff Solas (he/him): Once that arrives.

760

00:52:05.800 --> 00:52:07.350

Tim: Anything else for our treasurer.

761

00:52:09.760 --> 00:52:14.149

Tim: Well, let's try our property, Warden. Report again, Jeff. N. See what happens.

## PROPERTY WARDEN'S REPORT - TAKE 2:

762

00:52:15.110 --> 00:52:17.089

Jeff Nieuwsma: Hopefully, it won't freeze up again.

763

00:52:18.840 --> 00:52:23.319

Jeff Nieuwsma: there's things happening in the northeast corner of the

764

00:52:23.650 --> 00:52:24.810

Jeff Nieuwsma: property.

765

00:52:26.091 --> 00:52:31.310

Jeff Nieuwsma: Concrete foundations, knee walls the plumber has been busy

766

00:52:31.970 --> 00:52:33.070

Jeff Nieuwsma: putting in

767

00:52:33.700 --> 00:52:35.450

Jeff Nieuwsma: stacks, and

768

00:52:35.580 --> 00:52:39.450

Jeff Nieuwsma: they've located the utilities and they're

769

00:52:39.540 --> 00:52:40.789

Jeff Nieuwsma: starting to get

770

00:52:40.870 --> 00:52:42.390

Jeff Nieuwsma: utilities

771

00:52:42.550 --> 00:52:43.890

Jeff Nieuwsma: connected.

772

00:52:43.960 --> 00:52:47.539

Jeff Nieuwsma: or at least located and and sleeved.

773

00:52:48.350 --> 00:52:51.750

Jeff Nieuwsma: One of the utilities is across the street.

774  
00:52:52.150 --> 00:52:56.390  
Jeff Nieuwsma: so there will be a 3 day period of time where

775  
00:52:56.750 --> 00:52:59.590  
Jeff Nieuwsma: aspen drive's gonna be torn open.

776  
00:53:01.013 --> 00:53:02.100  
Jeff Nieuwsma: And it'll

777  
00:53:02.200 --> 00:53:12.530  
Jeff Nieuwsma: really be up to the city inspector how long it stays open so they'll they'll get it all dug out and ready to go in, probably one day.

778  
00:53:12.890 --> 00:53:16.419  
Jeff Nieuwsma: and then they'll wait until it gets inspected, and then they'll

779  
00:53:16.640 --> 00:53:17.980  
Jeff Nieuwsma: fill it back in.

780  
00:53:19.531 --> 00:53:24.869  
Jeff Nieuwsma: They said they're gonna try to do that so that they don't have it torn up over a weekend.

781  
00:53:27.530 --> 00:53:28.370  
Tim: That's kind of a.

782  
00:53:28.370 --> 00:53:29.310  
Jeff Nieuwsma: Otherwise

783  
00:53:29.800 --> 00:53:31.510  
Jeff Nieuwsma: the

784  
00:53:32.190 --> 00:53:40.799  
Jeff Nieuwsma: the developers were nice enough to augment our parking lot, because I told them they could use the parking lot as a staging area for

785

00:53:41.200 --> 00:53:43.320

Jeff Nieuwma: vehicles during the week.

786

00:53:44.030 --> 00:53:47.620

Jeff Nieuwma: Thank you. Yeah. That was big.

787

00:53:48.390 --> 00:54:00.910

Jeff Nieuwma: The they're they're using the road out to the garden because they've got people that are parking along that fence line. So I said, Oh, yeah, feel free to augment that road so that your vehicles don't fall into mud.

788

00:54:01.590 --> 00:54:05.540

Jeff Nieuwma: and they also have an opening right out next to the

789

00:54:06.040 --> 00:54:09.260

Jeff Nieuwma: labyrinth that goes into their building site.

790

00:54:09.410 --> 00:54:16.019

Jeff Nieuwma: And I said, Yeah, feel free to augment that road area there so that your vehicles don't have to drive through the mud

791

00:54:16.690 --> 00:54:17.279

Jeff Nieuwma: and

792

00:54:17.890 --> 00:54:21.410

Jeff Nieuwma: So at the end of this project we will end up with

793

00:54:22.820 --> 00:54:24.599

Jeff Nieuwma: that stuff to keep.

794

00:54:25.270 --> 00:54:26.190

Jeff Nieuwma: so

795

00:54:26.590 --> 00:54:28.139

Jeff Nieuwma: that is good.

796

00:54:28.660 --> 00:54:30.250

Jeff Nieuwma: and we may end up

797

00:54:30.510 --> 00:54:32.470

Jeff Nieuwma: with some more

798

00:54:32.590 --> 00:54:34.620

Jeff Nieuwma: material as they

799

00:54:34.790 --> 00:54:37.190

Jeff Nieuwma: move their trailer out of the way.

800

00:54:37.410 --> 00:54:46.019

Jeff Nieuwma: we may be able to dig up what they have there, and then put that into the garden area to extend that little parking pad that we have inside the fence.

801

00:54:46.650 --> 00:54:52.359

Jeff Nieuwma: But until until the end of the project we're we're done with getting

802

00:54:53.170 --> 00:54:55.430

Jeff Nieuwma: free augmentation of our

803

00:54:55.710 --> 00:54:56.840

Jeff Nieuwma: grounds.

804

00:54:59.310 --> 00:55:00.120

Tim: Excellent

805

00:55:00.617 --> 00:55:02.840

Tim: Sean, just to catch you in. So

806

00:55:03.000 --> 00:55:04.209

Tim: while you were

807

00:55:05.220 --> 00:55:08.919

Tim: away playing hooky, Jeff Musewick gave his property report.

808

00:55:09.020 --> 00:55:11.839

Tim: and Jeff Solas gave his treasurer's report.

809

00:55:12.303 --> 00:55:13.620

Tim: Jeff Salas did not have

810

00:55:13.760 --> 00:55:17.819

Tim: the financial information quite yet from Arlene, so he's going to send us a

811

00:55:20.610 --> 00:55:23.010

Tim: I don't know. I mean, I'm sorry.

812

00:55:23.010 --> 00:55:26.199

Jeff Solas (he/him): Written summary of the highest, of the finest quality.

813

00:55:26.580 --> 00:55:26.930

Tim: Sorry.

814

00:55:26.930 --> 00:55:28.000

St. Brigit Episcopal Church: Minnes, army.

815

00:55:28.320 --> 00:55:29.440

Jeff Solas (he/him): Yeah, we can hear you.

816

00:55:30.210 --> 00:55:30.715

Jeff Nieusma: Yes.

817

00:55:31.220 --> 00:55:31.880

St. Brigit Episcopal Church: I, so yeah.

818

00:55:31.880 --> 00:55:33.529

Jeff Nieusma: Next on the agenda Sean.

819

00:55:33.770 --> 00:55:41.569

St. Brigit Episcopal Church: Well, I'm trying to pull up the agenda. I actually switched computers because the other one was not picking up the email up in my room, and I know that I sent it.

820

00:55:42.270 --> 00:55:44.809

St. Brigit Episcopal Church: I forwarded it to an email. Oh, that's there we go

821

00:55:45.920 --> 00:55:53.439

St. Brigit Episcopal Church: alright. Bear with me one moment. I'll have it up. So I switched to my office computer and I can still connect that to a a landline.

822

00:55:56.410 --> 00:55:57.299

St. Brigit Episcopal Church: so I'll have it here.

823

00:55:57.300 --> 00:55:58.415

Geri Sue Coe: Landline.

824

00:56:00.254 --> 00:56:04.605

St. Brigit Episcopal Church: Not a landline, a local area network line.

825

00:56:05.150 --> 00:56:05.850

Jeff Nieuwma: Another word.

826

00:56:05.850 --> 00:56:06.300

Geri Sue Coe: Bye.

827

00:56:06.300 --> 00:56:16.160

St. Brigit Episcopal Church: LLAN, not. I know I have a yeah, I never mind. No, not a landline, although there's not very many of those anymore are there?

828

00:56:17.240 --> 00:56:17.910

St. Brigit Episcopal Church: That's fine.

829

00:56:17.910 --> 00:56:21.440

Alechia Potter: I was. Gonna say, I didn't think you could get a landline anymore.

830

00:56:22.810 --> 00:56:23.940

St. Brigit Episcopal Church: Oh, goodness.

831

00:56:25.240 --> 00:56:26.830

St. Brigit Episcopal Church: yeah, let's see.

832

00:56:26.880 --> 00:56:30.770

St. Brigit Episcopal Church: never a dull moment in my neck of the woods. Okay, let's see if we can figure this out

833

00:56:31.360 --> 00:56:32.070

St. Brigit Episcopal Church: alright.

834

00:56:33.190 --> 00:56:34.550

St. Brigit Episcopal Church: Are we sharing.

835

00:56:41.730 --> 00:56:42.799

St. Brigit Episcopal Church: Can you see it?

836

00:56:43.370 --> 00:56:44.120

Alechia Potter: Yes.

837

00:56:44.390 --> 00:56:47.369

St. Brigit Episcopal Church: Okay, good, good. And you can hear me. Okay.

838

00:56:49.690 --> 00:56:55.762

St. Brigit Episcopal Church: alright. So mine was, a loving, loving technology.

839

00:56:57.150 --> 00:56:58.220

St. Brigit Episcopal Church: let's see.

## **BISHOP'S WARDEN REPORT - TAKE 2**

840

00:56:58.250 --> 00:57:01.231

St. Brigit Episcopal Church: sounds like we need to get in contact with the

841

00:57:02.140 --> 00:57:07.000

St. Brigit Episcopal Church: Oh, claims! Adjusters over at Church Insurance of Vermont. They seem to be dawdling a bit on

842

00:57:07.040 --> 00:57:09.112

St. Brigit Episcopal Church: getting the the final

843  
00:57:12.360 --> 00:57:16.889  
St. Brigit Episcopal Church: replacement cost back to us, so I'll follow up with the

844  
00:57:18.470 --> 00:57:23.680  
St. Brigit Episcopal Church: with the diocese to see if they received anything, and or see if where we're at with the

845  
00:57:24.375 --> 00:57:39.389  
St. Brigit Episcopal Church: with the claims adjuster. So more to come on that was able to get in contact with the folks over at life stories, and they have finished their stuff. And so Tim and I are in conversation

846  
00:57:39.530 --> 00:57:43.416  
St. Brigit Episcopal Church: with the outreach coordinator of life stories to work on the

847  
00:57:44.280 --> 00:57:47.900  
St. Brigit Episcopal Church: from darkness to light program, some more to come on that.

848  
00:57:48.150 --> 00:57:49.770  
St. Brigit Episcopal Church: and other than

849  
00:57:51.630 --> 00:57:55.409  
St. Brigit Episcopal Church: other than that, that's all I had. Was there anything that I needed to be?

850  
00:57:55.783 --> 00:58:01.600  
St. Brigit Episcopal Church: On top of that? I'm that that other than technology I've not discussed at this moment?

851  
00:58:07.110 --> 00:58:07.980  
St. Brigit Episcopal Church: Okay.

852  
00:58:08.880 --> 00:58:10.620  
St. Brigit Episcopal Church: that's the next moment of prayer.

853  
00:58:16.440 --> 00:58:17.949  
St. Brigit Episcopal Church: Alright, gallery view.

854

00:58:19.110 --> 00:58:21.550

Jeff Nieusma: What was next on the agenda. It just went away.

855

00:58:21.930 --> 00:58:24.110

St. Brigit Episcopal Church: Oh, sorry. I love that.

856

00:58:24.430 --> 00:58:25.439

St. Brigit Episcopal Church: Okay,

### FSV, NONPROFIT, SCOUT REPORTS:

857

00:58:28.230 --> 00:58:32.119

St. Brigit Episcopal Church: we did property and treasurer Fsv report was the next one.

858

00:58:37.550 --> 00:58:40.370

Tim: Shawn, do you have anything to add to that? I don't have anything in particular.

859

00:58:40.960 --> 00:58:41.960

St. Brigit Episcopal Church: Okay. Nope.

860

00:58:42.270 --> 00:58:44.899

St. Brigit Episcopal Church: nonprofit reports, will

861

00:58:45.170 --> 00:58:48.897

St. Brigit Episcopal Church: table scout report is kind of already done, I think.

862

00:58:53.510 --> 00:58:54.660

St. Brigit Episcopal Church: And then

### OLD BUSINESS:

863

00:58:56.050 --> 00:58:59.532

St. Brigit Episcopal Church: any old business cell report. And then.

864

00:59:00.190 --> 00:59:04.039

St. Brigit Episcopal Church: I did not talk to the insurance attorney about the scout trailer.

865

00:59:05.070 --> 00:59:06.449

St. Brigit Episcopal Church: I better do that tomorrow.

866

00:59:07.500 --> 00:59:08.390

St. Brigit Episcopal Church: Okay.

**NEW BUSINESS:**

867

00:59:10.490 --> 00:59:13.400

St. Brigit Episcopal Church: Any new business stuff that needs to be addressed. Then.

868

00:59:18.480 --> 00:59:20.550

Tim: What's further down on the agenda.

869

00:59:22.380 --> 00:59:25.680

Tim: I know there's other things. After the present adjournment related to.

870

00:59:25.680 --> 00:59:28.119

Geri Sue Coe: Yeah. Right there, Sean. Oh.

871

00:59:28.390 --> 00:59:29.150

Geri Sue Coe: up.

872

00:59:30.510 --> 00:59:31.449

St. Brigit Episcopal Church: I'm working on it.

873

00:59:32.600 --> 00:59:33.150

Geri Sue Coe: Well under.

874

00:59:33.150 --> 00:59:33.490

St. Brigit Episcopal Church: Number.

875

00:59:33.490 --> 00:59:34.110

Geri Sue Coe: Society.

**CHURCH CLEANING:**

876

00:59:34.110 --> 00:59:40.550

St. Brigit Episcopal Church: As I was just going through that that, and so that the new business had money for church cleaning, and I think we talked about that last time.

877

00:59:41.670 --> 00:59:42.479

Geri Sue Coe: We did.

878

00:59:43.080 --> 00:59:44.775

Geri Sue Coe: Excuse me. Sorry.

879

00:59:45.340 --> 00:59:52.820

Alechia Potter: Yeah, the consensus was, I'll do the cleaning when David and Shelley go on vacation, and you can pay me, or you cannot pay me. However.

880

00:59:52.950 --> 00:59:55.470

Alechia Potter: there's money for it, you know, whatever.

881

00:59:56.130 --> 00:59:57.090

Jeff Solas (he/him): That's my counsel.

**RAISE RIGHT:**

882

00:59:57.090 --> 00:59:59.899

St. Brigit Episcopal Church: With Michelle on the raise. Right information

**NEW LOGO:**

883

01:00:00.782 --> 01:00:08.400

St. Brigit Episcopal Church: we talked about a new logo, but I don't think we we pursued it much further other than tabled for further enlightenment any thoughts on that.

884

01:00:10.270 --> 01:00:20.239

Geri Sue Coe: Is there anyone that can that we know that could help us, maybe potentially design a 1? Or do we not? Or do we want to do it?

885

01:00:22.578 --> 01:00:25.170

Tim: I got a good friend who's a graphic artist.

886

01:00:31.420 --> 01:00:32.880

Alechia Potter: Yeah, my sister's.

887

01:00:33.990 --> 01:00:39.839

Alechia Potter: She has done some schooling for graphic design, and is just an amazing artist.

888

01:00:40.410 --> 01:00:42.829

Alechia Potter: So maybe I could ask her for help.

889

01:00:43.340 --> 01:00:43.990

Alechia Potter: Do we.

890

01:00:43.990 --> 01:00:47.270

St. Brigit Episcopal Church: Want to make that part of a congregational thing for fun.

891

01:00:47.270 --> 01:00:48.070

Jeff Solas (he/him): Yeah, I.

892

01:00:48.070 --> 01:00:49.820

Tim: I think down the road. Go ahead.

893

01:00:49.820 --> 01:00:50.970

Jeff Solas (he/him): Like about last time.

894

01:00:51.020 --> 01:00:52.859

Jeff Solas (he/him): was potentially having, like a

895

01:00:52.910 --> 01:00:56.689

Jeff Solas (he/him): a Congregational event or design contest, or something.

896

01:00:57.335 --> 01:01:07.400

Jeff Solas (he/him): To get everybody involved. Now, if the with with what cat presented today with a like a a piece of engraved flagstone seems to be what people are leaning toward.

897

01:01:07.913 --> 01:01:10.339

Jeff Solas (he/him): I'm not sure whether we would want to

898

01:01:10.600 --> 01:01:15.610

Jeff Solas (he/him): incorporate a new logo, or how that timing would work into that sign.

899  
01:01:15.740 --> 01:01:17.409  
Jeff Solas (he/him): or whether that would be

900  
01:01:17.990 --> 01:01:19.879  
Jeff Solas (he/him): A new logo like for helping to

901  
01:01:20.413 --> 01:01:25.219  
Jeff Solas (he/him): spruce up the website and use in our in our Sunday programs, etc.

902  
01:01:28.100 --> 01:01:32.290  
Tim: From my from my perspective. You know, I I think with this new sign that's being created

903  
01:01:32.880 --> 01:01:38.020  
Tim: which is great, you know, when we were talking at the annual retreat. We had many ideas about identity.

904  
01:01:38.180 --> 01:01:41.610  
Tim: You know the love your neighbor. Kind of sign new logo, those kinds of things.

905  
01:01:43.260 --> 01:01:44.850  
Tim: I have lost my train of thought.

906  
01:01:46.060 --> 01:01:49.689  
St. Brigit Episcopal Church: Then that maybe it's not that. Maybe we shelve that one for.

907  
01:01:49.690 --> 01:01:50.090  
Tim: Yeah, it's.

908  
01:01:50.090 --> 01:01:50.840  
St. Brigit Episcopal Church: And so.

909  
01:01:50.840 --> 01:01:53.709  
Tim: Right. It's because we got this other sign being created

910  
01:01:53.820 --> 01:01:57.840

Tim: that it might become of not that sign that cat's doing. But

911

01:01:58.360 --> 01:02:03.060

Tim: this might become a bigger identity conversation that we need to have with the congregation

912

01:02:03.080 --> 01:02:05.053

Tim: which we talked about at the Retreat. Just

913

01:02:07.090 --> 01:02:10.640

Tim: I I guess I'm saying it's okay, if we table that a little bit for mine.

914

01:02:10.900 --> 01:02:14.250

Alechia Potter: I think if the new sign is gonna literally set

915

01:02:14.860 --> 01:02:22.529

Alechia Potter: the St. Bridget cross our logo type thing in stone, maybe we should keep that something a little more traditional

916

01:02:22.570 --> 01:02:23.580

Alechia Potter: and

917

01:02:23.990 --> 01:02:26.750

Alechia Potter: easier to see on a sign.

918

01:02:26.770 --> 01:02:35.409

Alechia Potter: And then we can get a new logo for the name tags and the website and all that kind of stuff, but it should be recognizable between both.

919

01:02:37.480 --> 01:02:38.150

St. Brigit Episcopal Church: Good point.

920

01:02:39.440 --> 01:02:40.260

Jeff Solas (he/him): Yeah, well, said.

921

01:02:41.220 --> 01:02:41.830

St. Brigit Episcopal Church: Okay.

922  
01:02:42.580 --> 01:02:50.860  
St. Brigit Episcopal Church: Well, let's do that. Then let's let's not. I mean, let's see where the next month it it flushes out with the Scout project sign.

923  
01:02:51.230 --> 01:02:57.799  
St. Brigit Episcopal Church: and then maybe we can, with all the other things and everybody blessing up backpacks and confirmation this month that we

924  
01:02:57.820 --> 01:03:00.161  
St. Brigit Episcopal Church: maybe look at introducing that

925  
01:03:01.540 --> 01:03:05.379  
St. Brigit Episcopal Church: new site or new logo, I guess, would be a better way to say that

926  
01:03:06.640 --> 01:03:11.090  
St. Brigit Episcopal Church: for other marketing situations as needed or or

927  
01:03:11.390 --> 01:03:12.730  
St. Brigit Episcopal Church: in in the future.

928  
01:03:14.340 --> 01:03:15.240  
St. Brigit Episcopal Church: Okay.  
**REACHING OUT TO NEIGHBORS:**

929  
01:03:15.470 --> 01:03:23.740  
St. Brigit Episcopal Church: ideas for reaching out to neighbors, did we? Did we push any more on that? Or did we want to think we'd do anything for 4th quarter?

930  
01:03:23.740 --> 01:03:36.239  
Alechia Potter: I was just thinking that with school starting, and then Thanksgiving comes coming up, and then Christmas is coming up. People are going to be pretty busy, so I had enough thought about maybe

931  
01:03:36.540 --> 01:03:40.429  
Alechia Potter: doing a more public trunk or treat

932  
01:03:41.050 --> 01:03:42.540  
Alechia Potter: around Halloween.

933  
01:03:43.210 --> 01:03:47.690  
Alechia Potter: Invite the neighbors and stuff, I mean, cause sometimes we've done it after church.

934  
01:03:47.750 --> 01:03:54.090  
Alechia Potter: you know, around Halloween, just for our congregation. So I think it would be great if we could expand that.

935  
01:03:54.100 --> 01:04:13.400  
Alechia Potter: do something a little nicer, invite the rest of the neighborhood, and that might be more well attended than a different activity, like a spaghetti dinner, that people would have to make special time for, because people are always already going to be doing special things for Halloween, and they could just add us to their list.

936  
01:04:18.040 --> 01:04:21.729  
St. Brigit Episcopal Church: Are you thinking on something like on Thursday itself to have a

937  
01:04:21.790 --> 01:04:23.230  
St. Brigit Episcopal Church: contingent from

938  
01:04:24.544 --> 01:04:26.840  
St. Brigit Episcopal Church: from St. Bridget, to

939  
01:04:26.970 --> 01:04:31.129  
St. Brigit Episcopal Church: to be there during the, and just have it open and have like a

940  
01:04:31.580 --> 01:04:37.359  
St. Brigit Episcopal Church: I don't know what you call that a not a potluck, but like a Ciderton candy time, everybody hanging out and

941  
01:04:37.370 --> 01:04:39.070  
St. Brigit Episcopal Church: doing that. Is that what you were thinking.

942  
01:04:41.730 --> 01:04:45.509  
Alechia Potter: Or it didn't have to be on the day, but it could be

943  
01:04:45.860 --> 01:04:50.469

Alechia Potter: It could be a Saturday before, although the Saturday before

944

01:04:51.290 --> 01:04:54.410

Alechia Potter: is usually when

945

01:04:58.940 --> 01:05:01.120

Alechia Potter: I think it's when the

946

01:05:03.210 --> 01:05:05.230

Alechia Potter: oh, what's that group? The

947

01:05:06.920 --> 01:05:08.950

Alechia Potter: there's some other group that does something.

948

01:05:09.210 --> 01:05:11.380

Tim: The the Celtic

949

01:05:11.960 --> 01:05:13.480

Tim: group on Saturdays.

950

01:05:13.620 --> 01:05:14.690

Alechia Potter: No.

951

01:05:14.690 --> 01:05:15.670

Tim: Oh, you're talking about something else.

952

01:05:15.670 --> 01:05:18.460

Alechia Potter: No, I'm talking about specifically a Halloween activity.

953

01:05:18.890 --> 01:05:19.675

Alechia Potter: The

954

01:05:21.330 --> 01:05:24.930

Alechia Potter: Eric, what that? What's that group better than that bridge that Bevs in

955

01:05:27.120 --> 01:05:28.400

Alechia Potter: the

956

01:05:29.500 --> 01:05:30.900

Alechia Potter: the Rotary Club.

957

01:05:31.520 --> 01:05:32.090

Geri Sue Coe: Oh!

958

01:05:32.090 --> 01:05:36.999

Alechia Potter: The Rotary Club does a trick or treat thing the Saturday before Halloween

959

01:05:37.920 --> 01:05:43.350

Alechia Potter: in one of the parks. So maybe if we did it a different day than this

960

01:05:46.200 --> 01:05:51.560

Alechia Potter: or Eric. Eric's just Eric's telling me that I'm thinking about Easter.

961

01:05:52.280 --> 01:05:52.720

St. Brigit Episcopal Church: Oh!

962

01:05:52.720 --> 01:05:56.189

Tim: The the fire department did something for Halloween last year, didn't they?

963

01:05:56.210 --> 01:05:58.670

Tim: Where they invited people to come and trick or treat.

964

01:05:58.670 --> 01:05:59.290

Alechia Potter: Yeah.

965

01:05:59.290 --> 01:06:01.839

Tim: Like other groups, could come and bring tables and

966

01:06:02.580 --> 01:06:04.379

Tim: kind of advertiser stuff as well as.

967

01:06:04.380 --> 01:06:05.690

Alechia Potter: That could be a thing

968

01:06:05.710 --> 01:06:06.999

Alechia Potter: that we do.

969

01:06:08.100 --> 01:06:09.240

Alechia Potter: Okay.

970

01:06:10.860 --> 01:06:12.630

St. Brigit Episcopal Church: And be good at reaching out to neighbors.

971

01:06:12.930 --> 01:06:16.119

St. Brigit Episcopal Church: It might be a good idea to to

972

01:06:16.440 --> 01:06:19.570

St. Brigit Episcopal Church: process if it sounds like what I'm hearing was

973

01:06:19.720 --> 01:06:22.289

St. Brigit Episcopal Church: some of those breakfast dinner, or

974

01:06:22.380 --> 01:06:25.639

St. Brigit Episcopal Church: I know we've got a Kaylee in motion, Tim, once a Kaylee.

975

01:06:26.891 --> 01:06:28.449

Tim: That hasn't been decided yet.

976

01:06:28.790 --> 01:06:29.820

Tim: but

977

01:06:30.230 --> 01:06:34.055

Tim: but definitely a desire to have one, whether it's in the fall or

978

01:06:35.190 --> 01:06:37.309

Tim: 1st couple of months of next year, I guess.

979

01:06:40.070 --> 01:06:40.750

St. Brigit Episcopal Church: Okay.

980

01:06:43.160 --> 01:06:45.880

Tim: But yeah, I mean a Kaylee.

981

01:06:47.450 --> 01:06:53.220

Tim: Well, and and how do we want to reach out to the community? What's the best way of doing it, something that we would want to talk about, too.

982

01:06:53.390 --> 01:06:53.939

Tim: It.

### COMMUNITY SUPPORT GROUPS:

983

01:06:54.490 --> 01:07:00.294

St. Brigit Episcopal Church: I think that one of the the idea of the from the darkness to light the the program for

984

01:07:01.430 --> 01:07:04.326

St. Brigit Episcopal Church: Oh, and for the kickoff of a

985

01:07:05.000 --> 01:07:09.309

St. Brigit Episcopal Church: You know, parents group, that that darkness to light program is a you know how

986

01:07:09.760 --> 01:07:19.040

St. Brigit Episcopal Church: you know how to help parents and and adults recognize signs of of challenges around children, and I'll have

987

01:07:21.700 --> 01:07:42.820

St. Brigit Episcopal Church: I forget her name from from life stories to to talk a little bit more about that. But they have a 2 h program that they train and do lunch, and I think it would be great for the internal community as well as the Carbon Valley area at large. That would be a way of connecting and reaching out to neighbors. And then we are meeting with her next week

988

01:07:42.850 --> 01:07:51.080

St. Brigit Episcopal Church: in order to figure out how we can promote that around the community. So that might be a good way segue, into what does our church do. But

989

01:07:51.120 --> 01:07:54.080

St. Brigit Episcopal Church: I guess I'm reaching out to neighbors. What is it that the

990

01:07:54.220 --> 01:07:56.980

St. Brigit Episcopal Church: other either nonprofits or

991

01:07:57.030 --> 01:08:09.559

St. Brigit Episcopal Church: charitable organizations like rotary or whatnot? What are they doing out there, and how can we assist with them? That might be, or vice versa? I mean, maybe we have a place where we can host those things for them if they need the space to share. So.

992

01:08:09.990 --> 01:08:13.299

Alechia Potter: I have a I have a friend in rotary that I can talk to about.

993

01:08:14.120 --> 01:08:14.450

St. Brigit Episcopal Church: Okay.

994

01:08:14.450 --> 01:08:24.890

Alechia Potter: Possibly teaming up and doing something. That's what she has a. She has a Halloween party at her house, and then rotary does an Easter thing. So I was putting the 2 together and thinking there was a Halloween thing.

995

01:08:25.540 --> 01:08:31.320

St. Brigit Episcopal Church: Well, yeah, check in with her cause. I I think Rory does a great thing. And I think if we're connecting with

996

01:08:31.479 --> 01:08:35.360

St. Brigit Episcopal Church: other nonprofits within the community and saying, Hey, we're here, and we're

997

01:08:35.630 --> 01:08:37.040

St. Brigit Episcopal Church: we're wanting to.

998

01:08:37.380 --> 01:08:42.670

St. Brigit Episcopal Church: you know, not only just help our community, our church community, but the community at large. How do we serve.

999

01:08:43.830 --> 01:08:46.539

Tim: I did reach out to Ginger just a couple of days ago

1000

01:08:46.689 --> 01:08:48.130

Tim: and asked if she could. Kind of

1001

01:08:48.189 --> 01:08:58.909

Tim: is one of my big things is, you know what we're talking about now, what does the community already provide? Are there support groups for teens? Are there support groups for parents? What is actually here. And so I asked Ginger

1002

01:08:59.080 --> 01:09:03.189

Tim: if she would be open to contacting the high school or just some other people in the

1003

01:09:03.330 --> 01:09:04.240

Tim: community.

1004

01:09:04.569 --> 01:09:08.709

Tim: and she she's up to it is. Would anybody be willing to help her? Kind of

1005

01:09:09.319 --> 01:09:11.499

Tim: what? What support groups are out there.

1006

01:09:14.850 --> 01:09:17.720

Alechia Potter: I could connect with her and and help her with that.

1007

01:09:19.229 --> 01:09:22.299

Tim: Especially living in the area. Alicia, I I think that would be great.

1008

01:09:26.569 --> 01:09:30.609

Tim: because if the if the community doesn't have these kinds of support groups.

1009

01:09:32.649 --> 01:09:33.619

Tim: That may be the.

1010

01:09:33.620 --> 01:09:34.400

St. Brigit Episcopal Church: Yeah, I do.

1011

01:09:34.630 --> 01:09:45.739

St. Brigit Episcopal Church: I I know I I spoke with the 12 Step Group folks, and I just need to put in the application. But I they only have 1 12 step group in the Carbon Valley area on Tuesday, so I think that would be a

1012

01:09:45.790 --> 01:09:48.260

St. Brigit Episcopal Church: a good benefit to have in at our

1013

01:09:48.390 --> 01:09:50.860

St. Brigit Episcopal Church: church, and that we could share that as well. So.

1014

01:09:51.149 --> 01:09:55.449

Geri Sue Coe: Sean. What group? I'm sorry it sound sounded like you said close up.

1015

01:09:55.710 --> 01:09:57.450

St. Brigit Episcopal Church: 12 step.

1016

01:09:57.450 --> 01:09:58.270

Geri Sue Coe: Oh.

1017

01:09:58.729 --> 01:10:05.709

Geri Sue Coe: thank you. I'm sorry I was like I didn't know what close up meant. Thank you. I'm sorry. I do know what 12 step means.

1018

01:10:05.940 --> 01:10:06.740

St. Brigit Episcopal Church: Oh, okay.

1019

01:10:07.280 --> 01:10:11.620

St. Brigit Episcopal Church: no worries. I just want. That was one that we had talked about a couple of times in the past, and.

1020

01:10:11.620 --> 01:10:11.940

Geri Sue Coe: Yeah.

1021

01:10:11.940 --> 01:10:13.830

St. Brigit Episcopal Church: I I think that would be a

1022

01:10:13.870 --> 01:10:15.720

St. Brigit Episcopal Church: a good benefit in that area.

**CHILI COOK OFF:**

1023

01:10:17.120 --> 01:10:23.480

Ann Magnuson: I misread the Kaylee, and I thought it, said Chili, and I got excited.

1024

01:10:23.650 --> 01:10:29.490

Ann Magnuson: but it got me to thinking, what if we had a community. Chili, cook off

1025

01:10:29.790 --> 01:10:33.830

Ann Magnuson: because you could make all sorts of different chilies.

1026

01:10:34.100 --> 01:10:37.470

Ann Magnuson: and our community is kind of well known for

1027

01:10:37.870 --> 01:10:39.556

Ann Magnuson: different Chili

1028

01:10:40.830 --> 01:10:49.070

Ann Magnuson: and it's just a thought. I've been pondering while I look at Hayley and think of Chili, and I'm getting hungry.

1029

01:10:49.240 --> 01:10:50.290

Ann Magnuson: So.

1030

01:10:51.250 --> 01:10:56.010

Alechia Potter: Since the Kaylee is usually a potluck type deal.

1031

01:10:56.030 --> 01:10:58.659

Alechia Potter: Maybe we could have a Chili Cayley.

1032

01:11:01.420 --> 01:11:02.510

Alechia Potter: Just a thought.

1033

01:11:03.200 --> 01:11:05.493

Dakota Lewis: I love Chili, too, and I'm so down.

1034

01:11:05.780 --> 01:11:11.480

Ann Magnuson: Yeah, I mean, like a community chilly, because our community is diverse.

1035

01:11:11.670 --> 01:11:15.669

Ann Magnuson: And they like to bring their different type of Chili.

1036

01:11:18.760 --> 01:11:23.500

Ann Magnuson: So if we do a community, Chili, cook off, and there's prizes

1037

01:11:23.650 --> 01:11:25.479

Ann Magnuson: that may entice

1038

01:11:25.510 --> 01:11:26.879

Ann Magnuson: the surrounding

1039

01:11:27.460 --> 01:11:28.380

Ann Magnuson: folks

1040

01:11:28.580 --> 01:11:31.080

Ann Magnuson: to come, check us out

1041

01:11:31.210 --> 01:11:33.340

Ann Magnuson: if we have good prizes.

1042

01:11:33.770 --> 01:11:35.639

Ann Magnuson: So it's just a thought.

1043

01:11:36.460 --> 01:11:38.750

Alechia Potter: Eric says we should call it a Cheyley.

1044

01:11:40.120 --> 01:11:40.840

St. Brigit Episcopal Church: I love.

1045

01:11:40.840 --> 01:11:44.570

Ann Magnuson: I love it. I love it awesome. Let's do it, Shaylee.

1046

01:11:44.710 --> 01:11:46.290

Ann Magnuson: Sorry is that the is that the.

1047

01:11:46.540 --> 01:11:49.500

Jeff Solas (he/him): Annual Saint Bridget chely that I'm hearing.

1048

01:11:49.580 --> 01:11:50.530

St. Brigit Episcopal Church: And it.

1049

01:11:50.530 --> 01:11:56.369

Alechia Potter: In case anybody is concerned. Eric can't hear what we're saying, just what I'm saying.  
So he

1050

01:11:56.830 --> 01:12:02.986

Alechia Potter: not. He's not hearing all the comments and everybody, you know. It's still a private meeting, except for what I'm saying.

1051

01:12:04.020 --> 01:12:05.150

Ann Magnuson: You're good.

1052

01:12:06.370 --> 01:12:07.479

St. Brigit Episcopal Church: I've never done a kind of.

1053

01:12:07.480 --> 01:12:09.319

Tim: Cook off at the church before

1054

01:12:09.710 --> 01:12:11.770

Tim: just in the past, in the history of a church.

1055

01:12:12.460 --> 01:12:13.969

Ann Magnuson: Not that I know of.

1056

01:12:14.250 --> 01:12:17.129

Alechia Potter: We've done a heck of a lot of potluck stuff, but never.

1057

01:12:17.130 --> 01:12:17.460

St. Brigit Episcopal Church: Outlook.

1058

01:12:17.460 --> 01:12:18.870

Alechia Potter: Competition.

1059

01:12:18.870 --> 01:12:23.859

St. Brigit Episcopal Church: And oh! There was a pig roast that seems to be infamous in the. In the entire

1060

01:12:24.590 --> 01:12:27.319

St. Brigit Episcopal Church: ethos of the 15 years of St. Bridget.

1061

01:12:29.437 --> 01:12:31.799

Tim: The pig roast at Wren, United Methodist!

1062

01:12:32.080 --> 01:12:32.850

Tim: Oh, I don't know.

1063

01:12:32.850 --> 01:12:33.910

St. Brigit Episcopal Church: I wasn't there.

1064

01:12:33.910 --> 01:12:34.650

Alechia Potter: No, we.

1065

01:12:34.650 --> 01:12:35.230

St. Brigit Episcopal Church: And it's a church.

1066

01:12:35.230 --> 01:12:37.004

Alechia Potter: We had one at our church.

1067

01:12:37.300 --> 01:12:37.680

Tim: Okay.

1068

01:12:37.680 --> 01:13:01.420

Alechia Potter: Jeff Nuzma ha! Brought a camper, and different people had took different shifts on overnight roasting this pig, and then a bunch of us went out the next morning and pulled all the meat off the pig, because nobody wants to go to a pig roast if there's actually had to pull their meat own meat off the pig, so I was there helping pull the meat off the pig the next morning, and Eric had taken a shift overnight

1069

01:13:01.540 --> 01:13:02.580

Alechia Potter: it was.

1070

01:13:03.370 --> 01:13:07.380

Alechia Potter: and then it was not as successful a pig roast as

1071

01:13:07.830 --> 01:13:12.408

Alechia Potter: we had hoped it would be, so we didn't do it again.

1072

01:13:14.080 --> 01:13:16.259

Jeff Nieuwma: The second one was better than the 1st one.

1073

01:13:18.580 --> 01:13:19.020

St. Brigit Episcopal Church: Yeah.

1074

01:13:19.020 --> 01:13:20.149

Jeff Nieuwma: We did it twice.

1075

01:13:22.140 --> 01:13:23.469

St. Brigit Episcopal Church: Well, that sounds kind of fun.

1076

01:13:24.330 --> 01:13:26.600

Jeff Nieuwma: But yeah, I wouldn't recommend doing it again.

1077

01:13:27.120 --> 01:13:37.223

St. Brigit Episcopal Church: Okay, I do like the idea of the Chili cook off and and Chili Kaylee and I could see some bluegrass musicians playing, and and maybe a a

1078

01:13:37.650 --> 01:13:41.790

St. Brigit Episcopal Church: a fire at the in the evening, or something to that effect that'd be kind of fun.

1079

01:13:45.850 --> 01:13:46.620

St. Brigit Episcopal Church: Alright.

1080

01:13:49.950 --> 01:13:56.269

St. Brigit Episcopal Church: I think that we need to kind of flesh that out a little bit. And I think that's a good idea. What does that look like?

1081

01:13:57.810 --> 01:13:59.000

Ann Magnuson: What does it look like.

1082

01:13:59.380 --> 01:14:03.683

St. Brigit Episcopal Church: Yeah, when when would that be? Could it be in the fall? So it doesn't get too cold? But

1083

01:14:04.320 --> 01:14:05.180

St. Brigit Episcopal Church: yeah.

1084

01:14:05.370 --> 01:14:15.750

St. Brigit Episcopal Church: And then, how how do we get volunteers and and get that advertised so that it becomes more of a community thing in the Carbon valley area? More than just that. So

1085

01:14:17.450 --> 01:14:20.079

St. Brigit Episcopal Church: let's figure out a time and date.

1086

01:14:21.240 --> 01:14:25.639

St. Brigit Episcopal Church: If that's okay, I mean, I I'm I'm I'm not trying to push it too much.

1087

01:14:25.970 --> 01:14:28.420

Geri Sue Coe: Are we going to ask the congregation?

1088

01:14:28.650 --> 01:14:33.830

Geri Sue Coe: Because we all we need to make sure that we have people other than the BCC that are, gonna

1089

01:14:34.020 --> 01:14:35.590

Geri Sue Coe: you know. Put it on.

1090

01:14:36.080 --> 01:14:39.220

St. Brigit Episcopal Church: That's a good point. Maybe we need to bring that up to the

1091

01:14:40.617 --> 01:14:50.059

St. Brigit Episcopal Church: there was a there was a steering committee that was talking about things such as this. I don't know if this would be a reaching out one or an S. Fsb thing or a

1092

01:14:50.990 --> 01:14:53.449

St. Brigit Episcopal Church: hospitality group man.

1093

01:14:55.360 --> 01:14:59.599

Tim: I mean, we could certainly send it to them, and just kind of poll to see what they, what their thoughts are.

1094

01:15:00.230 --> 01:15:00.790

St. Brigit Episcopal Church: Okay.

1095

01:15:01.440 --> 01:15:05.640

Tim: Yeah, I think one of the cool things about the church is that you can do pretty much anything.

1096

01:15:06.230 --> 01:15:10.360

Tim: And it's it's it's a matter of priority. And where's the energy

1097

01:15:10.630 --> 01:15:12.789

Tim: and not trying to do everything at once? But

1098

01:15:12.890 --> 01:15:14.889

Tim: I mean anything where there's energy.

1099

01:15:15.700 --> 01:15:16.899

Tim: Let's just go for it.

1100

01:15:17.440 --> 01:15:18.260

St. Brigit Episcopal Church: I like it.

1101

01:15:19.070 --> 01:15:23.870

St. Brigit Episcopal Church: Well, let's have a conversation with it. When people go to church and see what that looks like. See what people talk about.

1102

01:15:24.120 --> 01:15:26.039

St. Brigit Episcopal Church: You can make it more formal later on.

1103

01:15:28.290 --> 01:15:28.980

St. Brigit Episcopal Church: Well.

1104

01:15:31.130 --> 01:15:40.640

St. Brigit Episcopal Church: I think with that being said as far as ideas, I think those are either further enlightenment or email conversations, or anything like that? Is there any other

1105

01:15:40.840 --> 01:15:43.569

St. Brigit Episcopal Church: thing that we need to touch base on? Or shall we.

1106

01:15:43.620 --> 01:15:45.710

St. Brigit Episcopal Church: with 2 min to spare on time.

1107

01:15:47.910 --> 01:15:50.280

St. Brigit Episcopal Church: Adjourn this meeting. What's your thoughts on that?

1108

01:15:55.060 --> 01:15:57.836

St. Brigit Episcopal Church: I don't know. I feel like I rushed. It is everybody hearing me.

1109

01:15:58.050 --> 01:15:58.930

Ann Magnuson: Yeah.

1110

01:15:59.530 --> 01:15:59.860

Geri Sue Coe: Yeah.

1111

01:15:59.860 --> 01:16:00.700

St. Brigit Episcopal Church: Okay.

1112

01:16:01.570 --> 01:16:04.490

Alechia Potter: I think we've reached a natural point of stopping.

1113

01:16:04.490 --> 01:16:06.759

St. Brigit Episcopal Church: I kind of felt that that was the case. So

1114

01:16:07.040 --> 01:16:07.820

St. Brigit Episcopal Church: all right.

1115

01:16:08.870 --> 01:16:09.600

St. Brigit Episcopal Church: Well.

1116

01:16:12.700 --> 01:16:16.989

St. Brigit Episcopal Church: I think, then, Tim, do you want to do the prayers, or anybody else want to do the prayers.

### CLOSING PRAYER:

1117

01:16:17.970 --> 01:16:20.179

Tim: Go in peace and have a wonderful night. Everybody.

1118

01:16:20.620 --> 01:16:22.260

St. Brigit Episcopal Church: Alright! Thanks.

1119

01:16:22.260 --> 01:16:23.400

Geri Sue Coe: Everybody can be in here.

1120

01:16:23.400 --> 01:16:25.620

Alechia Potter: Amen. Thanks. See, you guys.

1121

01:16:25.620 --> 01:16:26.200

St. Brigit Episcopal Church: Houston.

1122

01:16:26.540 --> 01:16:27.410

Geri Sue Coe: Bye, all.

1123

01:16:27.760 --> 01:16:28.730

Alechia Potter: Bye-bye.
